

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities

Global Learning and Knowledge Exchange Project Eighth Semiannual Progress Report

Covering January 1, 2019 to June 30, 2019

Prepared by Conservation International, as the Global Executing Agency of the Global Learning and Knowledge Exchange Project of the Dedicated Grant Mechanism for Indigenous Peoples and Local Communities (DGM), for submission to the World Bank and the DGM Global Steering Committee.

Submitted to the World Bank on August 29, 2019

Executive Summary

The Global Learning and Knowledge Exchange Project of the Dedicated Grant Mechanism for Indigenous Peoples and Local Communities (DGM Global) began the second half of its fourth year of implementation in January 2019.

To demonstrate the DGM's effectiveness in its first four years, the project has started to place a greater emphasis on the monitoring and communication of project results. This began with the redesign of the project's results framework, which has streamlined the collection and reporting of data and prompted the development of a second annual survey of DGM exchange participants. The second iteration of this survey included questions from the first iteration of the survey to ensure comparability across responses. Other questions were adapted to report the DGM's progress and achievements most effectively. The annual surveys provide a better understanding of what participants value about DGM exchanges and help inform the design of exchanges going forward with more focus on discussion and networking with other participants and on-site visits to ongoing IPLC subprojects in the host countries of regional exchanges.

A major success for the DGM in this reporting period has been the continued support for the engagement of indigenous peoples and local communities around the Local Communities and Indigenous Peoples Platform (LCIPP) of the United Nations Framework Convention on Climate Change (UNFCCC). This was established by the DGM Global Steering Committee as a major priority for the project as it is an opportunity to have the knowledge and contributions of communities and indigenous peoples recognized by the UNFCCC. Since the LCIPP was conceived under the Paris Agreement, the DGM has continued to support its operationalization through participating in Informal Dialogues, facilitating panel discussions between IPLCs and Parties, and providing the latest information to community representatives during exchanges and through online communications. At the 24th UNFCCC Conference of the Parties (COP 24), the structure of the Facilitative Working Group (FWG) for the LCIPP was decided, featuring equal representation between Parties and IPLC representatives. The first meeting of the FWG of the LCIPP took place June 14-16, 2019 in conjunction with the 50th Session of the Subsidiary Body for Scientific and Technological Advice (SB50) in Bonn, Germany. During this session, the FWG elected the co-chairs and vice co-chairs, and drafted an initial two-year work plan with 17 activities for implementing the functions of the platform. The FWG's work plan will be presented for consideration at the 25th UNFCCC Conference of the Parties (COP 25).

As DGM Global prepares for its final year of implementation, effective monitoring and communication will only increase in importance. Indigenous Peoples and Local Communities (IPLCs) are critical partners for natural climate solutions, and support for their inclusion and effective participation in sustainable forest management at local, national, and international levels must grow in the coming years. By measuring and sharing their successes, hopefully additional funding will become available both within the DGM and for other climate and forest programs.

1. Global Learning and Knowledge Exchange Project

The Dedicated Grant Mechanism for Indigenous Peoples and Local Communities (DGM) aims to enable the full and effective participation of Indigenous Peoples and Local Communities (IPLCs) in processes related to Reducing Emissions from Deforestation and Forest Degradation (REDD+) at local, regional, and global scales. Understanding that IPLCs manage significant forest areas in a way that both provides livelihoods and conserves forests, the DGM promotes community participation in REDD+ projects and processes as necessary for achieving enhanced climate and livelihood benefits.

Funded under the Climate Investment Funds' (CIF) Forest Investment Program (FIP), the DGM makes US\$80 million available for IPLC-led projects in 12 FIP pilot countries as well as an overarching Global Learning and Knowledge Exchange Project. Conservation International was selected through a competitive bidding process to serve as the Global Executing Agency (GEA) for the global project.

The objective of the global project is "to organize and facilitate knowledge exchange, learning, and capacity building on REDD+ and climate change issues at regional and global levels and to strengthen the networks and alliances of community organizations within and across regions with a view to enhancing their representation and voice in regional and global policy fora." The global project serves an umbrella function promoting knowledge exchange and learning across community groups in DGM countries and in non-FIP countries. The project is divided into three subcomponents:

Subcomponent 1: Global Learning, Outreach and Information Sharing – Global, regional, and sub-regional workshops held with IPLC representatives on policy and technical topics related to REDD+; dissemination of culturally appropriate and relevant information through online platforms and networking channels; and global outreach to relevant partners.

Subcomponent 2: Technical Assistance and Secretariat Services to the DGM Global Steering Committee (GSC) – Preparing and convening annual GSC meetings; supporting GSC members in global partnerships; creating leadership opportunities for Indigenous and local communities; and handling the DGM Grievance Redress Mechanism at the global level.

Subcomponent 3: Planning, Monitoring and Reporting – Carrying out planning for DGM Global as well as coordinated monitoring and reporting across the entire DGM, including the country projects and the global project, working in close partnership with National Steering Committees (NSCs) through the National Executing Agencies (NEAs) of each of the DGM country projects.

2. DGM Global Project Highlights: January – June 2019

3. Project Activities

3.1. Global Learning, Outreach, and Information Sharing

One of the main purposes of DGM Global is to convene key IPLC leaders at regional and global scales on a regular basis. By providing these opportunities for interaction at a larger scale, DGM Global encourages sharing of traditional knowledge, expansion and strengthening of networks, and tailored learning from experts in relevant fields. These interactions occur both through regional and global exchanges held by the DGM and through support for IPLCs and relevant organizations to participate in key fora for policy and decision-making.

3.1.1. Africa Regional Exchange – Mozambique

DGM Global, in coordination with DGM Mozambique, hosted the Third DGM Africa Regional

Exchange in Sofala Province, Mozambique from February 17-23, 2019. The exchange benefited from the expertise of 22 IPLC participants - including 4 women - representing 7 countries and several national and regional organizations and networks, including Caritas, Repalef (Network of Indigenous and Local Populations for the Sustainable Management of Forest Ecosystems), Lynapyco, International Union for the Conservation of Nature (IUCN), World Wildlife Fund (WWF), Solidaridad, and one participant from the Nepal Federation of Indigenous Nationalities (NEFIN) to

promote cross-regional exchange and learning. In addition to these participants, the exchange also featured special guests from the National Executing Agencies of country projects in DRC, Burkina Faso, Ghana, and Cote d'Ivoire.

Figure 1. Participants in the 3rd DGM Africa Regional Exchange held in Sofala Province, Mozambique.

The learning themes of the exchange included community-private sector partnership in the management of non-timber forest products, benefit sharing mechanisms, capacity building (specifically, in community governance, technical knowledge, and local enterprise development), wildlife management, REDD+, natural resource management, and the importance of community land management practices and ecological monitoring.

During the workshop, MozDGM presented on community concession initiatives, including sustainable beekeeping and sustainable fisheries (octopus aquaculture), the state-wide benefit sharing mechanism, alignment with active REDD+ projects in the country, and TCT Dalmann's forest concession partnership and benefit sharing project on community development and natural resource management. Participants shared their country project updates and experience, including climate smart cocoa cultivation, local communications and engagement, governance structures for effective monitoring and reporting, and more. In Catapu, participants visited several community initiatives, including the TCT Dalmann M'Phingwe Camp Lodge sawmill and carpentry production site for timber, the sustainable beekeeping project for sustainable apiary, wax, and honey production, a tree nursery, a reforestation concession zone, and the fringe agricultural lands and local community sites of the Cortada 12 forest concession. In Gorongosa, participants visited several projects in the multi-use agricultural/economic buffer zone on the border of Gorongosa National Park lands including a sustainable coffee plantation, a sustainable cashew nursery and plantation, and the local community peoples area where a group of women forest rangers is based.

From this experience, participants gained first-hand knowledge of natural resource management such as sustainable logging, sustainable and hygienic beekeeping and honey production, tree planting, cashew production, coffee production, and community forest ranger protocols for land monitoring and security.

After the regional exchange, the DGM Africa National Executing Agency Meeting was held in Beira, Mozambique from February 25-26, where NEA country representatives from Burkina Faso, DRC, Mozambique, Ghana, and Cote d'Ivoire shared best practices and lessons learned on knowledge exchange, monitoring and reporting, governance structures, data collection and collaboration, internal and external communications, community engagement, and more. A GSC member from the Republic of Congo and Burkina Faso also participated.

3.1.2. United Nations Permanent Forum on Indigenous Issues – New York, New York

Between April 22 and May 3, 2019, the United Nations held the 18th session of the United Nations Permanent Forum on Indigenous Issues (UNPFII) with the theme "Traditional knowledge: generation, transmission and protection." On behalf of Conservation International and DGM Global, Johnson Cerda participated in the event to share the progress and achievements of the DGM at national and global scales. During the event, Johnson contributed to knowledge exchange through engagement with DGM members and coordination with IPLC networks.

On April 29, Johnson Cerda moderated a side event at the UNPFII, titled "Safeguarding Indigenous Knowledge Systems: What Needs to Be Protected?". The event focused on indigenous knowledge systems on climate adaptation and mitigation and the safeguarding of these knowledge systems and their holders. Participants shared several examples of community protocols, community empowerment, and customary law. While this was not a DGM-sponsored event, the GEA's attendance in this event was important as it provided feedback to the knowledge exchange platform under the Climate Change Convention. In addition, it served to connect the knowledge being exchanged, developed, and used in DGM projects to the UNPFII.

3.1.3. 50th UNFCCC SB50 – Bonn, Germany

The UNFCCC held the SB50 (50th Session of the Subsidiary Body for Scientific and Technological Advice) from June 17-27, 2019 in Bonn, Germany. From June 14-16, the meeting of the FWG of the LCIPP took place in conjunction with SB50. During this session, the FWG elected the co-chairs and vice co-chairs, and drafted an initial two-year work plan with 17 activities for implementing the functions of the platform. This work plan will be presented for consideration at COP 25. The working group was divided into three thematic sessions: knowledge exchange, capacity building, and climate change policies and action. The GEA and DGM country participants participated in each thematic session, including GSC member Grace Balawag and interim Nepal NSC member Pasang Dolma Sherpa, the newly elected FWG co-

chair. The majority of the FWG members are familiar with the DGM's activities and objectives.

On June 19th, the first thematic workshop of the LCIP Platform was held. The objective of this workshop was to enhance the participation of IPLCs in the platform. Two sessions were held, one in which DGM GSC member Grace Balawag, spoke using DGM as an example of including IPLCs in reducing deforestation and forest degradation. Grace also provided specific examples of DGM Mozambique and Brazil, highlighting the program's interest in participating in the platform and the strong engagement of Quilombolas and other local communities of DGM Brazil.

The SB50 negotiations generally advanced as scheduled, although the topic of market and non-market mechanisms for cooperation under Article 6 of the Paris Agreement had a slow start due to disagreements on how to organize the issues for negotiation. Much of the negotiating time of SB50 focused on this topic.

3.1.4. GEA Panel Event: Experiences and Lessons Learned from the DGM – Brussels, Belgium

Figure 2. The DGM GEA, World Bank, DGM Indonesia, and CIF participate in the GEA Panel Event on DGM experiences and lessons learned.

On May 16, 2019, prior to beginning the 5th Annual Global Steering Committee meeting, the DGM GEA held an event to discuss the experiences and lessons learned of the DGM with the participation of the World Bank, CIF, and members of the DGM GSC. The panel event included an introduction to the DGM by the World Bank, CIF, and GEA and a presentation on DGM achievements by indigenous peoples and local community leaders from Indonesia, Peru, Brazil, and Burkina Faso. Lastly, the event concluded with a discussion on looking towards the future and reflecting on the sustainability of the DGM. Panelists highlighted indigenous peoples and local communities' success in establishing DGM projects and sub-projects as well as the critical role IPLC's play in reducing deforestation, improving livelihoods, and sharing knowledge across countries.

3.1.5. Preparations for Americas Exchange

In preparation for the Third Americas Exchange, the GEA coordinated with the DGM Mexico NEA

and NSC, and World Bank Task Team Leaders (TTLs) to identify the geographical area of interest. The NSC and NEA respectively shared their two priority areas for the meeting (Quintana Roo and Oaxaca) with the GEA. To aid in the decision process, the GEA sent a set of criteria to the NEA and NSC to help in the identification of the priority area. Based on the information provided by the NEA and NSC, logistics planning was carried out for the exchange to be held in Oaxaca. The GEA also sent out a request for participant nominations from each DGM country in the Americas and important relevant networks.

3.1.6. Communications and Outreach

DGM Communications in this reporting period have been guided by the project's Year Four Communications Plan, which was adopted by the GSC at their annual meeting in April 2018, as well as the Year Five Communications Plan that was approved and adopted by the GSC at their 5th annual meeting in May 2019. The two plans placed a greater emphasis on video content, accessibility in all DGM languages, and coordination with World Bank communications efforts.

To improve the quantity and quality of video content shared by the project, in this reporting period the GEA completed and launched the DGM animated explainer video. Prior to launching it through the DGM website and social media channels, the GEA presented it to the GSC during the 5th annual GSC Meeting in Brussels for their review and subsequent approval. DGM countries such as Ghana, Brazil and the DRC also developed and published videos about their subprojects. These videos were shared by the respective DGM countries and highlighted by DGM Global in their annual newsletter that was disseminated in June 2019.

Throughout the reporting period, DGM Global shared several stakeholder interviews on social media. Of particular interest were the videos created by Johnson Cerda during the SB50 and LCIPP FWG in Bonn, Germany from June 14-19, 2019. These videos were made available in English and Spanish and highlighted the key issues raised by IPLCs at SB50 and in the FWG Meeting.

Another focus for DGM communications has been increasing the accessibility of its website in French, Spanish, and Portuguese. In this reporting period, the redesigned website featuring all pages in all four of the DGM languages went live.

Figure 3. The DGM Global website received an average of 435 unique visitors between January – June 2019.

In June 2019, DGM Global published blog posts sharing the DGM DRC Newsletter, SB50 Climate Negotiations and the DGM Global Annual Newsletter. DGM Global also drafted the final blog post of the series of three blog posts on the Africa Regional Exchange in Mozambique. This blog is still in draft form and is expected to be finalized in the upcoming quarter to be shared on social media and the DGM website. In addition, the DGM continued to strengthen its digital presence in this reporting period with an average of 435 unique visitors per month between January and June.

A growth in digital presence was reflected in the DGM's Twitter impression for this reporting period, with an average of 8,865 impressions per month with peaks in May (15,066) and June (12,930). While this is a 50% decrease over the previous reporting period, the last two months (May and June 2019) reflected over a 300% increase in average monthly impressions compared to the previous two months. The DGM Twitter's strong performance in May and June was a result of the increase in content

Figure 4. DGM Global Twitter impressions from July 2016 – June 2019.

development, sharing of country updates and engagement of DGM Global with partners, countries, and networks. This included information on DGM-supported Equator Prize winner Kemito Ene, SB50 and FWG updates and videos, promotion of the DGM Global newsletter, GSC Meeting and Panel Event in Brussels. DGM Global received a couple key Twitter mentions between April and June 2019, with the CIF mentioning the DGM's support to IPLCs in Brazil and Deutsche Welle (DW) Global, a German international public broadcaster's mention of the DGM Global in sharing news of the election of Pasang Dolma Sherpa as co-chair of the FWG. DGM Global's Twitter content was also retweeted by the Global Landscapes Forum during SB50 and by CIF who shared the DGM's recording of the panel event on experiences and lessons learned that took place in Brussels, Belgium prior to the 5th Annual GSC Meeting.

3.2. Technical Assistance and Secretariat Services

The second component of DGM Global supports the effective leadership of the project's Global Steering Committee, which includes IPLC representatives from the National Steering Committees of each established DGM country project, as well as a member from a non-DGM country to represent the broader interests of IPLCs around the world.

3.2.1. Fifth Annual Global Steering Committee Meeting – Brussels, Belgium

The Global Steering Committee (GSC) of the Dedicated Grant Mechanism for Indigenous Peoples and Local Communities (DGM) gathered in Brussels, Belgium from May 17-20, 2019 for its fifth annual meeting. The GSC members that participated in the meeting included representatives from eight of the twelve operational National Steering Committees (Brazil, Burkina Faso, Indonesia, Mexico, Mozambique, Peru and the Republic of Congo, and Nepal), including Ghana's remote participation.

Figure 5. DGM GSC members from Mexico, Mozambique, DRC, Brazil, Nepal, Indonesia, Peru and Burkina Faso at the 5th Annual GSC Meeting in Brussels, Belgium.

During this meeting, the GSC decided on the DGM Global project workplan and budget for the upcoming project year (July 1, 2019 to June 30, 2020). GSC members also exchanged progress updates in DGM countries and provided strategic direction on important aspects of the DGM Global project, including communications, the Grievance Redress Mechanism, and Results Framework.

The GEA coordinated with each of the GSC subcommittees in advance to ensure maximum

efficiency during the meeting itself. This included requesting GSC feedback on the project's Year Five Communications Plan and other key documents before they arrived for the meeting.

The GSC co-chairs and budget subcommittee arrived a few days early to review the proposed budget and workplan that had been made since the previous subcommittee meetings and to prepare to lead the workplan discussion during the meeting.

During the three days of the meeting, the GSC members discussed the progress of the DGM to date, reviewed and approved a workplan and budget for the DGM Global project's fifth year, and made several important decisions to guide the DGM's work going forward, including:

- Approving the new targets of the DGM results framework to streamline data collection and improve coordination with NEAs;
- Adopting the document entitled "Concept of the New DGM Global Project"; and,
- Planning the sixth GSC Meeting in Cote d'Ivoire to encourage the successful implementation of the DGM country project.

3.2.2. GSC Subcommittees and Working Groups

GSC Grievance Redress Subcommittee

In January 2019, EthicsPoint, an independent third-party system for grievance reporting, was launched. Johnson informed the Grievance Redress Subcommittee and co-chairs on how to access and use EthicsPoint. An update report on the status of DGM Global GRM was prepared and presented during the GSC meeting in Brussels.

GSC Budget Subcommittee

On January 30th GSC, while attending the CIF Power of 10, co-chair Idrissa Zeba, and GSC member Grace Balawag participated in the meetings with the GEA and the World Bank at the Noor Conference Center in Ouarzazate, Morocco. The purpose of this meeting was to present the funding status of the DGM Global project, obtain input for the Year Five workplan and budget and discuss additional funding. During the meeting the GSC suggested discussing the additional funding proposal during the upcoming GSC meeting in Brussels.

Figure 6. Budget Subcommittee member, Kapupu Diwa discusses additional finance and Year Five budget with DGM GEA during his visit to Washington, DC.

In February, the GEA set up follow-up meetings with the GSC Budget Subcommittee members separately. During the Africa Regional Exchange in Mozambique, the GEA met with budget subcommittee member, Kapupu Diwa, to request input for the Year Five budget and possibility of additional finance. Kapupu requested additional details on the workplan and budget and that information was provided when he visited Washington, DC (March). Earlier in the month, GEA held conference calls with GSC budget subcommittee member, Manuel Aldrete. During this call, the GEA provided clarification on the status of the Year Four budget, and presented the timeline for additional funding, financial summary, and the approved Year Five plan.

DGM Sustainability

The DGM Sustainability Working Group met prior to the GSC Meeting in Brussels, Belgium to discuss the additional finance scenarios presented by the GEA. The purpose of this meeting was to bring GSC members up to speed on the potential activities and timeframes for the DGM Global project. Taking into account the staggered implementation of DGM country projects, the discussion helped GSC members understand possible ways to ensure that new DGM countries have the opportunity to learn from DGM countries that began implementation earlier. The official agenda of the GSC, the Sustainability Working Group, and the Budget Subcommittee helped facilitate the session.

In addition, Johnson Cerda from the DGM GEA participated in a dialogue, organized by the

Stakeholder Advisory Network on Climate Finance (SAN), along with several other DC-based Civil Society Organizations (CSOs). The conversation was led by CIF's Mafalda Duarte at the World Bank in Washington, DC on May 22, 2019. The DGM GEA, along with DC-based CSO's, was invited to this meeting where Mafalda presented various future CIF scenarios and explained that some countries are interested in continuing their contributions to CIF. The recommendation provided by the DC-based CSO's, including the GEA, was to expand consultations with additional CSO members in the San Francisco, California area and in greater DC.

GSC Communications Subcommittee

Guy Moussele-Diseke of the Republic of the Congo participated in the Africa National Executing Agency meeting in Mozambique, where he met with the DGM GEA to discuss the best practices in communications across DGM countries. During the meeting, he discussed the importance of the timely and ongoing transfer and use of information from DGM countries to the GEA and vice versa. Guy Moussele highlighted the benefits of using the DGM Global website and DGM country social media channels as communications resources for sharing and exchanging information.

Upon finalizing the DGM Animated Explainer Video, the DGM GEA shared the video with communications points of contact in Nepal, Indonesia, Peru, Burkina Faso, and Brazil to ensure the content was culturally appropriate and to obtain general feedback prior to presenting it to a wider audience at the 5th Annual GSC Meeting. These points of contact include Jagat Bahadur Magar (Nepal), Mina Setra (Indonesia), Analia Tuxa (Brazil), Fabian Antunez, Lyndon Pishagua (Peru), and Idrissa Zeba (Burkina Faso).

DGM Learning Review

Throughout 2018, a learning review of the DGM was conducted by an international development consulting firm called ITAD at the request of the CIF to capture the DGM's experience in encouraging greater involvement of IPLCs in financial and policy processes related to forests. The learning review provided CIF with real-time research, evaluation and learning services on the early implementation of the DGM. The final report was presented in Morocco during the FIP Sub-Committee meeting. Johnson Cerda of the DGM GEA and Grace Balawag of the DGM GSC participated in the Learning Review Reference Group by providing support in the revision and launch of the report. During this review, Johnson corresponded via email and telephone with ITAD, CIF, FIP and the International Tropical Timber Organization. For more information, please find the full report [here](#).

As follow up to the Learning Review, CIF observer and IPLC representative, Dr. Valmaine Toki to carry out an assessment of the DGM in Indonesia and Brazil from an indigenous perspective. Dr. Toki's evaluation of the DGM was done through an indigenous lens and with a focus on traditional knowledge. During the study, Johnson provided Dr. Toki with feedback on drafts of the report and overall guidance regarding the DGM. The report is expected to be finalized between July and August 2019 and shared with the GEA for dissemination through DGM

Global's communication channels.

Africa National Executing Agency Meeting

In February 2019, immediately after the Third Africa Regional Exchange, DGM GEA held a meeting with DGM Africa executing agencies in Maputo, Mozambique to discuss opportunities for enhanced collaboration in areas such as communications, monitoring, reporting and DGM sustainability.

On the first day of the meeting, participants focused on project updates and achievements. The reporting process was discussed at length with the goal of making it more efficient. Overall, the NEAs and GEA agreed that making the process more collaborative, in terms of reporting on indicators and country progress through a cloud file, would be more helpful. The second day centered on communications and content development. NEAs provided examples on their communications' strategies, such as DGM Ghana and their approach to using the radio as a platform and simple, easy to access language and content on their social media accounts.

3.2.3. CIF Power of 10, FIP Sub-Committee Meeting (Morocco), and Panel

CIF "Power of 10: Shaping the Future of Climate Action" convened leaders from across geographies and sectors, including the private sector, government, civil society, international organizations, academia, donors, and others. For two days, participants engaged in dialogue to draw lessons from CIF's 10 years of pioneering work and to inspire an improved climate finance architecture going forward. The event was held at the [Noor Concentrated Solar Power complex](#), the largest concentrated solar power (CSP) plant in the world, covering an area nine times the size of Central Park.

During CIF's ten year anniversary ("CIF Power of 10"), CIF indigenous observers representing Bangladesh, Burkina Faso, Philippines, and Fiji participated and provided their perspectives on how to include IPs in the expansion of CIF projects. At the anniversary, the DGM GEA also conducted and recorded interviews with CIF indigenous observers from Burkina Faso and Philippines. These videos, titled "The Voice of Indigenous Peoples" were then shared on DGM related social media platforms.

The DGM has been called the CIF's "best kept secret." A broad range of stakeholders – including forest-dependent communities, DGM practitioners, donors, Multilateral Development Banks and climate funds – have expressed a strong interest in both the FIP DGM-specific and the universal lessons that are being captured. The session began with a statement of support to the DGM by Hon. Benito Owusu-Bio (Ghana's Deputy Minister of Lands and Natural Resources). During the panel, Idrissa Zeba (DGM Global Steering Committee Co-chair) and Grace Balawag (Non-FIP member of the DGM Global Steering Committee) shared the history of IPLC's engagement with the World Bank and lessons learned about how DGM is supporting IPLC climate leadership at the local, national and global level. John Roome (Senior Director for Climate Change, WB) highlighted some of the key achievements of the DGM in the areas of

capacity building, governance, accountability and potential to address climate action. The session included the launch of The DGM Learning Review, commissioned by the CIF Evaluation and Learning Initiative.

Highlights from [DGM Learning Review](#) conducted by ITAD:

DGM is leading to broader and potentially more transformational effects than earlier predicted.

- *Substantive outcomes:* better governance, higher recognition, increased efficiency, improved land rights, better natural resource management and income generation.
- *Enabling outcomes:* increased sense of ownership of the mechanism, trust, and transparent governance.

Outcomes for other stakeholders: improved relationship with IPLCs, IPLCs more accepting of REDD+ and the FIP.

- The review identified two pathways:
 - Cumulative contribution of subprojects.
 - Empowerment to raise issues from national to global levels.

The DGM has reached a crucial juncture where new funding is needed. Country DGM programs have demonstrated a keen interest in sourcing their own funding going forward, but any breaks in funding also represent a challenge for maintaining the motivation and trust that are critical for the DGM to continue to operate successfully.

Check CIF: *The Power of 10* documentary [here](#).

3.2.4. CIF FIP Sub-Committee Meeting – Washington, DC

On June 5th the DGM GEA attended the Annual FIP Sub-Committee Meeting at the World Bank in Washington, DC. During the meeting, countries discussed the progress of FIP pilot projects and Ines Angulo from CIF presented the FIP's achievements thus far, highlighting the DGM's progress over the last four years. Similarly, Mafalda Duarte described the DGM as a mechanism that deserves consideration as FIP Sub-Committee members move forward in their discussions on resource allocation. Mafalda cited the Learning Review report which illustrated DGMs tangible and intangible results and described it as a mechanism that has significantly exceeded expectations, in terms of the enabling outcomes listed above.

Gender was a key topic of discussion, with echoing requests from countries to make gender equality a priority by increasing female governance at the local level, improving sex disaggregated indicators in investment plans and ensuring equality in expected results.

3.2.5. World Bank Financial Management and Programmatic Mission

World Bank missions to assess the implementation status of the DGM Global Project were scheduled for December 2018 and January 2019. In December, the World Bank conducted a

procurement mission to review the implementation of updated procurement policies for the project. Additionally, an external audit of the project's third year was completed and submitted to the World Bank.

In January 2019, the mission covered financial management and programmatic progress. During this mission, the DGM GEA presented the programmatic progress and status of each of the Global Project's subcomponents as well as the project's financial progress and status. Additional financing was a key topic of discussion, as was the modification of indicators and overall results framework.

Based on the latest Implementation Status Report (ISR), the DGM GEA received a satisfactory rating of progress towards achievements of the project development objective and overall implementation progress¹. Furthermore, the World Bank confirmed the project preparation for additional financing and the need to submit an advanced project document to the FIP Sub-Committee by November 2019. The World Bank also presented an overview of the process to the GSC during the annual meeting in Brussels.

3.2.6. Meetings on Additional Finance with World Bank

On March 26th, the DGM GEA and World Bank held an informal working session to develop the project paper for DGM Additional Finance (AF). The goal of this working session was to discuss the components of DGM Global Project's AF process and next steps. During the working session the GEA and World Bank evaluated Year Five activities and made adjustments where needed to ensure sustained funding through December 2019.

A second meeting was held on April 11th, where the DGM GEA met with the World Bank to discuss additional finance. During this meeting the World Bank provided the GEA with guidance on the preparation of the additional finance grant.

Additional finance was also discussed during the 5th GSC Meeting in Brussels, Belgium where the World Bank presented the process for additional finance and clarified questions with GSC members.

3.2.7. Technical Assistance

In order to play a coordinating role and advance the DGM as a program, DGM Global has provided support to DGM country projects. Examples of this support can be found below:

During this reporting period, Johnson Cerda from DGM GEA, held a series of calls with indigenous and local community organizations from Guatemala to explain the DGM Global's status, the decisions and progress made, and to share information. During these calls, Guatemala provided information on their Interim National Steering Committee.

¹ DGM Global ISR ([December 29, 2018](#))

Johnson also provided technical assistance to Dr. Valmaine Toki on the draft of “Assessing the Potential to Expand the DGM Through an Indigenous Lens.” Johnson provided feedback on the inception report draft.

On June 4th, in preparation for meetings with the government of the Republic of the Congo to discuss IPLC participation in SB50 and the FWG, Moussele, the Republic of Congo’s NSC president sought assistance from the DGM GEA. The DGM GEA provided Moussele with information on the climate negotiations and more specifically, on the SB50 happenings and FWG meetings and topics.

During the second half of FY19, Nepal requested support from DGM GEA on the translation of DGM Mozambique’s NSC and GSC Rules of Procedures and NEA Terms of Reference, from Portuguese to English. The translation of these documents served to help the Nepal NSC learn from other DGM countries and build on that experience as they begin to prepare the DGM Nepal project. Creating a repository of these documents in English enables other countries and the IPLC community globally to adapt the resources and knowledge from other countries to their own context.

During and prior to the 5th GSC Meeting in Brussels, Belgium, the DGM GEA provided support to the new GSC members, Lucely Pio from Brazil, Bharati Pathak from Nepal, and Ruth Buendia from Peru. The DGM GEA facilitated the integration of the new GSC members into the committee and helped them get acquainted with the work of the DGM given that they are GSC alternates and therefore, this was their first time participating in a GSC meeting.

3.2.8. Grievance Redress

No grievances were received or elevated to the global project in this reporting period, and there are no open grievances from previous periods. Information on past grievances and instructions for submitting grievances are available at www.dgmglobal.org/grievance-mechanism.

3.3. Planning, Monitoring, and Reporting

DGM Global's third component focuses on strategic planning for the global project, monitoring the DGM's performance, and preparing reports to share the DGM's progress, achievements, and lessons learned with stakeholders.

3.3.1. Planning

During this reporting period, the GEA prepared a draft workplan and budget for review and approval by the GSC. The GSC co-chairs and budget subcommittee met for two days prior to the full GSC Meeting to review the draft, identify necessary adjustments, and prepare to lead the discussions during the GSC Meeting. The Year Five Workplan and Budget were approved during the 5th GSC Meeting.

3.3.2. Monitoring

Beyond the data collection and reporting required for the preparation of the DGM's Semi-annual Reports, this period included the second iteration of an Annual Survey of all DGM Global exchange participants. This survey was designed to provide additional insight on the effectiveness of DGM Global's exchanges as part of the redesign of the DGM results framework in the previous reporting period.

On July 12, 2019, the survey was sent to all 154 participants in the first four years of DGM Global's exchanges in their respective languages (English, French, Spanish, and Portuguese). The survey consisted of 12 required questions and a series of optional questions. The survey was designed to understand the value of the DGM's past exchanges and improve the quality of future exchanges. Exchange participants were given a month (July 12 – August 7) to respond to the survey. The results will be included in the upcoming Semiannual Report for July – December 2019.

3.3.3. Reporting

DGM Global continues to meet its reporting requirements, producing semiannual reports on the Global Project and the larger DGM Program. The Global Project Report for July – December 2018, was translated and validated with the Global Steering Committee before being submitted to the World Bank and subsequently uploaded to the DGM Global website.

DGM Global led substantial coordination efforts with the DGM country projects to produce the DGM Semiannual Report for July – December 2018. As more country projects accelerate their implementation, the reports are becoming much more comprehensive and informative of activities. This level of detail greatly benefits the DGM's efforts toward programmatic monitoring and reporting, but it also significantly increases the amount of time required to produce these semiannual reports. This trend will likely continue for at least the next couple years as country projects continue to develop.

3.4. Upcoming Activities

Anticipated Timing	Activity
October 2, 2019	CIF Stakeholder Dialogue Meeting on Climate Action – Washington, DC
October 17, 2019	DGM Panel at Civil Society Policy Forum co-sponsored by CIF and SAN – Washington, DC
October 21-25, 2019	2019 Americas Regional Exchange – Mexico
January 2020	CIF Trust Fund Committee and Sub-Committee Meetings – Washington, DC
December 2-14, 2019	UNFCCC COP-25 – Santiago, Chile

4. Progress and Results

"The DGM Program Development Objective is to **strengthen the capacity** of Indigenous Peoples and Local Communities (IPLCs) **to participate in the Forest Investment Program and other REDD+ programs** at local, national, and global levels." – *DGM Program Document*, p. 7

"The objective of [The Global Learning and Knowledge Exchange Project] is to organize and facilitate knowledge exchange, learning and capacity building on REDD+ and climate change issues at regional and global levels and to strengthen the networks and alliances of IPLC organizations within and across regions with a view to enhancing their representation and voice in regional and global policy fora. In addition, the Global Project will provide technical assistance and secretariat services to the Global Steering Committee of the DGM, and monitoring and reporting." – *DGM Program Document*, p. 11

"This DGM program objective will be achieved by **(1) establishing and strengthening representative IPLC-led governing bodies** for DGM decision-making in FIP pilot countries and at the global level; **(ii) providing grants to IPLCs** in FIP pilot countries for initiatives consistent with DGM and FIP criteria;² **(iii) providing training and capacity development** in leadership, management, and technical skills to IPLCs at country and global levels; **(iv) facilitating knowledge exchange and learning** on REDD+ and climate change issues between and among IPLCs at regional and global levels; **(v) strengthening networks and alliances** of IPLC organizations within and across regions; and **(vi) enabling scale up of successful local solutions** for forest and landscape management." – *DGM Program Document*, p. 7

In accordance with the updated results framework approved by the GSC in April 2018, the following pages provide the latest data demonstrating how the DGM Global Project is progressing toward its objectives using these six strategies. Please note that this report only contains data on the DGM Global project. For country project and programmatic data, please see the Semiannual DGM Program Report for this reporting period.

² The element of "providing grants to IPLCs" is exclusive to the DGM country projects and is not emphasized in this report. For more on this element, please read the Semiannual Program Report for this period.

4.1. Progress Against Proposed Targets

At the request of the World Bank during DGM Global's Midterm Review, DGM Global has proposed targets for a subset of its indicators, including both the three indicators required by the World Bank and three custom indicators selected by the Global Executing Agency. These indicators are included in their sections below, but they are also copied here for quick reference.

Indicators Required by the World Bank:

Indicator	Year 1 (2016-06)	Year 2 (2017-06)	Year 3 (2018-06)	Year 4 (2018-12)	Year 4 Current (2019-06)	Proposed End Target
Number of knowledge products produced by the DGM grant recipients and/or beneficiaries in pilot countries presented at the regional and/or global knowledge exchange opportunities	0	35	68	72	82	80
% of participants in the learning and knowledge exchange activities belonging to REDD+ programs and countries other than FIP pilot countries	N/A	38.1%	30.8%	28.7%	27%	25%*
Number of activities/alliances emerged through the global platform with the leadership role of IPLCs	0	11	20	27	30	25
* This indicator target should not be treated as a traditional indicator target for which the objective is to meet or exceed the target value. Ideally, there should be a range (e.g., 25% - 35%) within which this value should be contained, since exceeding that range does not provide any added benefit to the project. A target on the lower end of this range has been selected to accommodate the required reporting system.						

Selected Custom Indicators:

Indicator	Year 1 (2016-06)	Year 2 (2017-06)	Year 3 (2018-06)	Year 4 (2018-12)	Current (2019-06)	Proposed End Target
Number of person-hours of capacity building and/or knowledge exchange with participants in regional and global exchanges hosted by DGM Global, disaggregated by sex & IPLC status (cumulative)	95.52	3,390.52	6,835.50	7,123.5	7,827	6,000
Number of IPLCs who, after participating in a DGM exchange, have attended UNFCCC negotiations, disaggregated by sex and nationality (cumulative)	0	26	38	47	50	50
Average monthly unique visitors to the DGM Global website (past six months)	171.17	247.67	371.5	436.83	435	500

4.2. Strengthening of IPLC-led Governing Bodies

One way the DGM supports IPLCs is by “establishing and strengthening representative IPLC-led governing bodies for DGM decision-making in FIP pilot countries and at the global level.” For the global project, governance and accountability are led by the GSC. The GSC members take responsibility for project governance, both through their participation in the Annual GSC Meeting, when they review and approve the project’s budget and workplan and address key operational issues, and through their continued engagement throughout the year. Beyond governance, the GSC also takes responsibility for the project’s accountability to its stakeholders, both through the management of the project’s Grievance Redress Mechanism and their review of project reports.

Outputs:

IPLCs from targeted communities take responsibility for project governance and accountability.

Indicator: Number of IPLC representatives leading project governance and accountability through their participation in the Global Steering Committee

	December 2018	June 2019
Female	4	5
Total	13	13

DGM Global is responsive to stakeholder concerns at the global scale.

Indicator: Percentage of grievances related to delivery of the DGM that are received by or elevated to the Global Steering Committee and addressed

	Cumulative (Dec. 2018)	Cumulative (June 2019)
Grievances Received	1	0
Grievances Addressed	1	0
Percentage Addressed	100.00%	N/A

4.3. Training and Capacity Development

For IPLCs to engage in policy- and decision-making around forestry and climate change, it's important that they have the skills necessary to be effective partners. This includes, but is not limited to leadership, management, and technical skills. The IPLC leaders in the GSC identify the skills that are most needed to enhance IPLC engagement at regional and global scales, and DGM Global works to provide this training through exchanges and participation in key international events.

Outputs:

Targeted beneficiaries from DGM and non-DGM countries participate in regional and global exchanges hosted by DGM Global

Indicator: Percentage of participants in the learning and knowledge exchange activities belonging to REDD+ programs and countries other than FIP pilot countries (**Core World Bank Indicator**)

	Cumulative (Dec. 2018)		Jan-June 2019		Cumulative (June 2019)	
	Female	Total	Female	Total	Female	Total
Exchange Participants	49	164	4	13	53	177
Non-FIP Country Representatives	16	47	0	1	16	48
Percentage	33%	29%	N/A	8%	30%	27%

Please note that the January-June 2019 column represents all IPLC participants in the February 2019 Africa Regional Exchange, which was the only exchange in this reporting period. The cumulative columns account for all participants over the life of the project up to the end of the reporting period. Each participant is only counted once in the cumulative columns, regardless of the number of exchanges attended.

4.4. Knowledge Exchange and Learning

In order to participate effectively in regional and global climate action and sustainable forestry, IPLC leaders must have a strong understanding of climate change, ongoing mitigation and adaptation efforts, and various negotiations and agreements that are underway. They also need to share their own knowledge with one another so that each of them can represent the broader needs of IPLCs more effectively. DGM Global provides these opportunities on a regular basis through its regional and global exchanges. The GSC members identify learning priorities each year to ensure that the content of the exchanges stays topical and up-to-date. Over time, the exchanges have shifted to focus more on the IPLC participants sharing knowledge with one another, and these opportunities are reflected in the data below along with more traditional learning methods.

Outputs:

Targeted beneficiaries from DGM and non-DGM countries participate in regional and global exchanges hosted by DGM Global

Indicator: Number of person-hours of knowledge exchange and learning received by participants in regional and global exchanges hosted by DGM Global, disaggregated by sex

	Cumulative (Dec. 2018)		Jan-June 2019		Cumulative (June 2019)	
	Female	Total	Female	Total	Female	Total
Person-hours	2188	7123	128	704	2316	7827

4.5. Strengthening of Networks and Alliances

At regional and international scales, it can be very difficult for individuals to have a major impact in sustainable forestry and climate change without the necessary allies and resources. For IPLCs, these are most readily available through engagement with organizations, networks, and alliances. During its regional and global exchanges, DGM Global provides opportunities for networking and learning about the ongoing efforts of IPLC networks and organizations by inviting key representatives of these organizations working in national, regional, and global contexts. By forming these connections, exchange participants have greater opportunities to participate in major events, share relevant knowledge, and collaborate with partners around the world to advance their common agenda.

Outputs:

IPLCs assume leadership roles in activities and alliances in pursuit of relevant objectives

Indicator: Number of activities/alliances emerged through the global platform with the leadership role of IPLCs (**Core World Bank Indicator**)

	Cumulative (Dec. 2018)	Jan-June 2019	Cumulative (June 2019)
Activities/Alliances	27	3	30

The following activities and alliances were counted toward this indicator for this reporting period:

- CIF 10 Year Anniversary: Presentation by GSC member Grace Balawag presentation on the history of IPLC's engagement with the World Bank and the DGM's lessons learned
- CIF 10 Year Anniversary: Presentation by GSC co-chair Idrissa Zeba on lessons learned about how the DGM is supporting IPLC climate leadership at the local, national, and global level
- Panel Event at 5th GSC Meeting: Experiences and lessons Learned from the Dedicated Grant Mechanism for Indigenous Peoples and Local Communities

Representatives of key IPLC networks and organizations participate in DGM exchanges

Indicator: Number of IPLC networks and organizations represented at DGM exchanges

	Cumulative (Dec. 2018)	New: Jan-June 2019	Cumulative (June 2019)
Multinational	18	5	23
National	60	3	63
Total	78	8	86

Multinational:

- Caritas
- IUCN
- IPACC
- Solidaridad West Africa
- WWF

National:

- Repalef - DRC
- Lynapyco - DRC
- NEFIN - Nepal

4.6. Enabling Successful Local Solutions to Scale Up

While the DGM is an innovative program that is already achieving important results for the increased participation of IPLCs in climate action and sustainable forestry, it is still limited by the amount of funding available. DGM Global has had to limit the size and scope of its exchanges, and several DGM country projects have received many more proposals for subprojects than they can support on their current budgets. As such, it is critical that the DGM support the scaling up of the DGM and other programs that enable direct access to climate finance for indigenous peoples and local communities for forest and landscape management. At the outcome level, there are many factors that are somewhat outside the DGM's control, such as availability of resources and donor priorities, but the DGM still works to make its successes and lessons learned accessible for any programs that would like to support complementary efforts. Specifically, DGM Global focuses both on sharing DGM successes with relevant networks and organizations during its exchanges and its participation in regional and global events and on making information on the DGM widely accessible through its project website:

www.dgmglobal.org.

Outputs:

DGM grant recipients and beneficiaries present knowledge products at regional and global exchange opportunities

Indicator: Number of knowledge products produced by the DGM grant recipients and/or beneficiaries in pilot countries presented at the regional and/or global knowledge exchange opportunities (**Core World Bank Indicator**)

	Cumulative (Dec. 2018)	Jan- June 2019	Cumulative (June 2019)	Proposed End Target
Knowledge Products	72	10	82	80

The following knowledge products were counted towards this indicator in the current reporting period:

- Africa Exchange 2019 Booklet
- Africa Exchange 2019 Technical Session: Climate, Forests and Communities in Mozambique
- Africa Exchange 2019 Technical Session: Climate Change Introduction/Paris Agreement
- Africa Exchange 2019 Technical Session: Partnerships and Benefit Sharing
- Africa Executing Agency Meeting 2019 Booklet
- Africa Executing Agency Meeting 2019 Technical Session: Data Collection
- Africa Executing Agency Meeting 2019 Technical Session: Midterm Review Process
- Africa Executing Agency Meeting 2019 Technical Session: Monitoring and Reporting – Processes and Tools
- Africa Executing Agency Meeting 2019 Technical Session: Communications
- DGM Animated Explainer Video

The DGM Global website effectively showcases IPLC-led successes in climate action and sustainable forestry.

Indicator: Six-month average of monthly unique visitors to the DGM Global website

	Jul-Dec 2015	Jan-Jun 2016	Jul-Dec 2016	Jan-Jun 2017	Jul-Dec 2017	Jan-Jun 2018	Jul-Dec 2018	Jan-Jun 2019
Six-month average - Monthly unique visitors	79.33	171.17	196.33	247.67	338.67	371.5	436.8	435

DGM Exchange participants are well-represented at UNFCCC negotiations.

Indicator: Number of IPLCs who, after participating in a DGM exchange, have attended UNFCCC negotiations, disaggregated by sex

	Cumulative (Dec. 2018)		Jan-June 2019		Cumulative (June 2019)	
	Female	Total	Female	Total	Female	Total
Exchange Participants	49	163	3	13	53	177
COP/SB Attendees	16	47	8	20	16	48
Percentage	33%	29%	N/A	N/A	30%	27%

Financial Summary

The following table presents DGM Global expenditures over the course of this reporting period in comparison with the project's Year Four Budget, presented by project component.

DGM Global Project Financial Summary – Jan.-June 2019 (all figures in USD)

Subcomponents	Jan-June 2019 Expenditures ³	Year Four	
		Budget	Burn Rate
1. Global Learning, Outreach, and Information Sharing	\$233,380	\$613,512	66.87%
2. Technical Assistance and Secretariat Services to GSC	\$184,929	\$357,329	70.59%
3. Planning, Monitoring, and Reporting	\$107,554	\$255,797	83.62%
Total	\$526,863	\$1,226,638	71.45%

Subcomponent 1: Global Learning, Outreach, and Information Sharing

Between January and June 2019, DGM Global had US\$233,380 in Subcomponent 1 expenditures, bringing total spending for Year Four to US\$526,863 or 38.04% of budgeted spending for the year. The main activities within Subcomponent 1 were the Africa Regional Exchange (February 2019), DGM Animated Explainer Video (March 2019), increase in communications' reach (Jan – June 2019), and UNFCCC SB50 (June 2019). Additionally, the Americas Regional Exchange was delayed from June 2019 to October 2019 with GSC approval, shifting some of the costs anticipated in this reporting period into the next reporting period.

Subcomponent 2: Technical Assistance and Secretariat Services to the DGM GSC

Between January and June, DGM Global spent US\$184,929 on Subcomponent 2, representing 51.75% of Year Four approved budget for this Subcomponent. Notable activities in this reporting period included the Annual GSC Meeting (May 2019), GSC Secretariat Services, including ongoing coordination with the GSC and support to subcommittees and DGM countries.

Subcomponent 3: Planning, Monitoring, and Reporting

Between January and June 2019, DGM Global spent US\$107,554 or 42.04% of Year Four approved budget for this Subcomponent. Key activities included preparation of semiannual reports and the 2019 Annual Report, the 2019 Survey of DGM Exchange Participants, development of the Year Five workplan and budget, and coordination with the DGM country projects for monitoring and reporting.

³ Expenditure data pending final validation and approval. Final data will be included in the draft submitted to the World Bank.

5. Workplan Progress

Sub-component 1: Global Learning, Outreach, and Information Sharing

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Output 1.1: Organize global, regional and sub-regional training exchanges to facilitate participants' learning from successful community/ Indigenous Peoples' REDD+ projects for example, on benefit sharing, greenhouse gas measurement, climate-smart agriculture, and other issues which the GSC identifies		
Activity 1.1.1: Conduct one 5-day exchange during years 2-5 in each of the three FIP regions (Africa, Asia, Latin America-held in a FIP country to be determined with the GSC) targeting technical representatives from IPLC groups charged with understanding and analyzing relevant issues, and IPLC leaders/negotiators who require advice/support on technical issues. Content will incorporate learning from application of technical skills in existing REDD+ projects and IPLC experiences from participating in these projects. Approx. 15 representatives from each region will participate in the trainings throughout the life of the project, including representatives from each FIP country and from regional IPLC organizations including interested non-FIP countries. Participant lists to be determined with advice of NSCs of FIP countries in the region. (Location to be determined as part of the Strategic Planning process.)		
<p>Coordination, development and facilitation of:</p> <p>DGM Africa Exchange (Mozambique) DGM Americas Exchange (Mexico)</p> <p>Support a total of 15 IPLC participants and 3 GEA facilitators per exchange. Costs include technical and logistical services, all associated costs for outreach, development, coordination and facilitation of the three events.</p>	<p>Q1: DGM Global consulted the GSC co-chairs and rescheduled the DGM Africa Exchange from August 2018 to February 2019.</p> <p>WB TTL has recommended that DGM Global project needs to slow down the current implementation of the global project and review the budget, which means not canceling any activities but accommodating some of the workplan activities for the remaining lifetime of the project. The change allows the Global Project to align with the pace of other DGM country projects. As a result, the DGM Global Executing Agency is working on the necessary adjustments to avoid any gaps between the current and possible second phase of the Global Project.</p> <p>Q2: The DGM GEA began preparations for the Africa Exchange (Mozambique - Feb 2019) and Americas Exchange (Mexico - June 2019), including coordination with NEAs and regional networks.</p>	<p>Q3: DGM GEA, in coordination with the WB and WWF (DGM Mozambique NEA), organized the Africa Regional Exchange in Sofala, Mozambique from February 16-23, 2019. The exchange had 25 (17 men/8 women) IPLC participants from 10 countries (9 from Africa + Nepal)</p> <p>Q4: The DGM GEA began preparations for the Americas Regional Exchange (Mexico – Oct 2019), including coordination with DGM Mexico related to location, agenda, and objectives for Americas Regional Exchange.</p>
Activity 1.1.2: Contract a leading regional alliance or network, such as Abya Yala Forum in Latin America, Asian Indigenous Peoples Pact (AIPP), or Indigenous Peoples of Africa Coordinating Committee (IPACC), to conduct a regional meeting of IP organizations to share learning from the regional training exchanges in 1.1.1; to share progress and results from DGM activities; and to obtain feedback and input to policy issues and IPLC positions on issues as preparation for the global policy meeting outlined in 1.2.3. Technical advisor(s) will be provided as appropriate to the topics.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
GEA coordination with regional IPLC networks to facilitate DGM outreach in non-FIP countries .	<p>Q1: DGM GEA in coordination with:</p> <ul style="list-style-type: none"> - <i>Fondo Indigena Latinoamericano</i> (FILAC) - International Indigenous Peoples Forum on Climate Change (IIPFCC) - International Alliance - UNFCCC LCIP Platform network - Coordinator of Indigenous Organizations of the Amazon River Basin (COICA) - Indigenous People Advisory Group of GEF - Abya Yala Forum <p>Q2: Coordination with regional and global networks around the 2018 Global Exchange, including COICA, IIPFCC, AIPP, Abya Yala Forum, FILAC and IPACC; Initial coordination with regional networks for upcoming regional exchanges in Africa and Latin America.</p>	<p>Q3: Coordination with regional networks around the 2019 Africa Exchange, including IPACC, the IIPFCC</p> <p>Q4: Initial coordination with regional networks (including COICA, Foro Abya Yala, Red de Mujeres) for upcoming regional exchange in the Americas (Mexico)</p>
Activity 1.1.3: Produce and submit reports on exchange content and results to NSC of each country in each region.		
<p>Development of three DGM Exchange reports:</p> <p>DGM Africa Exchange DGM Asia Exchange DGM Americas Exchange</p> <p>The reports will be shared with DGM countries and partners.</p>	<p>Q1: Completion and sharing of 2018 Americas Exchange Report from June exchange in Peru.</p> <p>Q2: Completion of reports for Americas Regional Exchange and Global Exchange – now available on the DGM Global website.</p>	<p>Q3: Coordination with DGM Mozambique team in preparation of Exchange Report and communications related to learning exchange.</p> <p>Q4: Drafting of DGM Mozambique Exchange Report</p>
Activity 1.1.4: Provide course materials, presentations, and report to NSC and GSC communications focal points for posting on the DGM website.		
Technical services and associated costs with posting exchange materials , presentations, and reports to DGM website and sharing with DGM network.	<p>Q1: All exchange materials have been shared and are available both on the website and by request.</p> <p>Q2: All exchange materials have been provided and are available both on the website and by request.</p>	<p>Q3: All exchange materials have been provided during project activities and are available both on the website and by request.</p> <p>Q4: No activities in this quarter</p>
Output 1.2: Strengthen capacities of regional or global IPLC organizations and networks and facilitate their participation in REDD+ and climate change negotiations, including trainings on engaging in international negotiations, and on relevant international policy dialogues and processes		
Activity 1.2.1: Combined with 1.1.1., conduct a training session in each region for IPLC representatives to understand negotiating processes, build negotiating skills and understanding of UN negotiating processes and key topics in current negotiations. Indicative list of topics (will shift depending on state of negotiations): REDD+ finance, agriculture, non-carbon benefits, etc.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
<p>Travel support for three IPLC invited speakers to present at the following DGM Exchanges:</p> <p>DGM Africa Exchange DGM Asia Exchange DGM Americas Exchange</p>	<p>Q1: No activities in this quarter</p> <p>Q2: During the Global Exchange, DGM Global hosted the second day of the IIPFCC COP24 preparatory meetings and helped organize a panel with LCIPP Negotiators and IPLC experts about the Local Communities and Indigenous Peoples Platform and NDC Guidance.</p>	<p>Q3: During the Africa Exchange, DGM Global hosted IPLC experts who conducted technical sessions on:</p> <ul style="list-style-type: none"> - DGM Mozambique - Forest Concessions in Mozambique - Local Communities in Africa - Sustainable Value Chains - Benefit sharing <p>Q4: DGM Global is coordinating with the IIPFCC to host one day of COP25 preparatory meetings and help organize a panel with LCIPP Negotiators and IPLC experts about the Local Communities and Indigenous Peoples Platform and NDC Guidance.</p>
<p>Activity 1.2.2: Concurrent with 1.1.1 and 1.2.3, conduct sessions with technical experts and negotiators to learn how to form effective negotiating teams to contribute to effective contributions to climate processes based on sound technical advice from IP experts.</p>		
<p>Travel support for one invited speaker to present on Negotiation Skills at DGM Global Exchange</p>	<p>Q1: No activities in this quarter</p> <p>Q2: Support provided through Global Exchange and throughout COP for engaging in UNFCCC negotiations. Technical sessions and daily briefings on COP negotiations provided to DGM delegation. During the Global Exchange, DGM GEA conducted technical sessions on:</p> <ul style="list-style-type: none"> - NDC Guidance and Paris Rulebook - Paris Agreement Article 6 - Local Communities and Indigenous Peoples Platform 	<p>Q3: During the Africa Exchange, DGM Global conducted technical sessions on:</p> <ul style="list-style-type: none"> - UNFCCC Local Communities and Indigenous Peoples Platform - DGM as a Platform to inform Policy Processes and Dialogues at International Level <p>Q4: IPLC/DGM network partners at SB50 participated in the LCIP Platform FWG and shared information about DGM during stakeholder dialogue of local communities.</p>

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Activity 1.2.3: Organize one 3-day global exchange annually, 2-3 months before each UNFCCC COP to share learning from other global initiatives supporting IPLC participation in REDD+ and provide IPLCs with a platform to develop coordinated positions on key negotiating issues and produce position papers: GEA will provide technical and policy expertise to support the process for IPLC leaders to lead the development of their own policy positions. Coordinate with global partner organizations/institutions also supporting IPLC participation in climate negotiations to include non-FIP countries and partners to broaden coordination of IPLC positions.		
DGM Global Exchange (Poland) in preparation of COP24. Support international travel for approximately 10 IPLC participants and 3 GEA facilitators. Costs include technical and logistical services, and all associated costs for outreach, development, coordination, and facilitation of the event.	Q1: Preparations for Global Exchange in Poland, to be held immediately prior to UNFCCC COP 24, including working with the GSC to identify: <ul style="list-style-type: none"> - learning objectives of the exchange - criteria of participants - planning of the agenda - location, budget and logistics Q2: Preparation for and implementation of the 2018 DGM Global Exchange, held immediately prior to COP 24 in Poland, including participation of IPLC leaders from 10 DGM countries appointed by their NSCs, representatives from 4 main IPLC networks, and IPLC leaders already in town attending COP24 negotiations.	Q3: No activities in this quarter Q4: No activities in this quarter
Activity 1.2.4: Work with REDD+ investment agencies, NGOs, donors and UN agencies to leverage additional support for increased participation of the technical and negotiating teams of IPLC regional and global networks in UNFCCC meetings (target is minimum of 5 persons per region are supported through available funding mechanisms) DGM Global Component will support at least 2 persons per region to attend the UNFCCC COP or intercessional events.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
<p>DGM Global participation at UNFCCC COP24 (Poland) and SB50 (Bonn) Facilitation of partner meetings and technical support to DGM delegation at COP24 and SB50.</p> <p>Support to attend one week of COP24 negotiations for approximately 3 GSC and 2 GEA participants.</p> <p>Support international travel and expenses to attend one week of SB50 negotiations for approximately 1 GSC and 1 GEA participants.</p>	<p>Q1: - Identification of DGM delegation attending UNFCCC COP 24 in Poland. - Coordination with IIPFCC.</p> <p>Q2: Preparation and support for participation of GSC members and other IPLC leaders at COP 24 through targeted technical sessions, facilitating participation in side events to highlight IPLC perspectives and DGM accomplishments. Daily negotiation updates to keep everybody updated with the latest developments.</p> <p>Coordination and engagement with IPACC, IUCN CEESP, Ford, IIPFCC, UNFCCC secretariat and LCIPP negotiators. Preparation of technical sessions, and coordination of panel discussions with negotiators, all focused on preparing participants to engage effectively at COP 24.</p> <p>In December 2018, DGM GEA started initial research and outreach for accommodations procurement for COP25.</p>	<p>Q3: No activities in this quarter</p> <p>Q4: The DGM GEA participation at UNFCCC SB50, LCIPP Platform, technical support and coordination meetings with IIPFCC. In June 2019, DGM GEA procured COP25 accommodations.</p>
<p>Activity 1.2.5: Conduct side event or information sharing event at the UNFCCC COP to report on and receive broader feedback on the activities of the DGM (GEA and GSC reps attending COP and leading event in collaboration with funded delegates/observers).</p>		
<p>DGM side events and information sharing meetings at UNFCCC COP24 and SB50 in collaboration with WB.</p>	<p>Q1: Coordination, preparation, and submission of three side event proposals for UNFCCC COP 24.</p> <p>Q2: DGM Side Events at COP24: Indigenous Peoples Leadership is Critical to Natural Climate Solutions Wednesday, December 5 (15:30 - 18:30)</p> <p>LCIP Platform: a force for transformative change raising ambition in natural climate solutions Friday, December 7 (11:30 - 13:00)</p> <p>Panel on Traditional Society Actions in the Climate Change Friday, December 7 (13:00 - 14:20)</p>	<p>Q3: No activities in this quarter</p> <p>Q4: Initial planning and coordination for potential side events at UNFCCC COP 25. The DGM GEA submitted one expression of interest to participate at the UNFCCC PCCB Hub in COP25 in Chile.</p> <p>CI is coordinating with AVINA Chile on other potential events for COP25. DGM could be one of the examples to include in these events.</p> <p>DGM GEA and WB started to explore options to exhibit a DGM photo contest during COP25 (subject to funding and time).</p>

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Activity 1.2.6: Provide pre-UNFCCC COP coordination. Organize and facilitate ½ day session immediately before the COP for IPLC participants to re-enforce negotiating skills, provide updates on key topics and current issues under negotiation. Audience would include FIP sponsored IPLCs plus other interested IPLC delegates or observers from non-FIP countries already attending the COP. (Location in Current COP host country-year 1 in Peru, year 2 in Paris, years 3-5 TBD).		
UNFCCC negotiations update sessions to DGM delegations during the UNFCCC COP24 and SB50 negotiations. Costs include support to 3 Global Exchange participants to collaborate with the technical team at the IIPFCC meeting before COP24.	<p>Q1: Preparations for DGM Global Exchange, held immediately prior to COP 24 and used to coordinate IPLC participation. Coordination of support of DGM and IPLC network leaders attending COP24.</p> <p>Q2: DGM Global provided technical support on pre-UNFCCC COP coordination through the Global Exchange, the IIPFCC Pre-COP24 and daily coordination meetings to support the LCIP Platform process.</p>	<p>Q3: No activities in this quarter</p> <p>Q4: No activities in this quarter</p>
Activity 1.2.7: Disseminate exchange reports and relevant documents/reports from annual UNFCCC COP negotiations on the DGM web-site and communications channels.		
Developing and disseminating DGM relevant documents related to the DGM during the UNFCCC negotiations . Costs include technical support, translation and printing of materials.	<p>Q1: Initial development of a communications plan for sharing information about the DGM at and in relation to UNFCCC COP 24. Dissemination of DGM information with key partners attending the Global Climate Action Summit.</p> <p>Q2: DGM Global published several communications materials related to DGM engagement at COP and progress toward IPLC priorities, including activity posts, infographic blog posts, interviews, and a dedicated webpage with the COP 24 agenda. Substantial social media coverage specifically focused on the gains made at COP 24 with DGM support.</p>	<p>Q3: DGM Global continued to share communications materials related to COP 24 achievements and the LCIP Platform to IIPFCC partners, Africa Exchange participants, and via the DGM website.</p> <p>Q4: DGM Global shared communications materials related to LCIP Platform to IIPFCC partners, Africa regional exchange, and via DGM website. DGM Global finalized 10 knowledge products related to partnerships and benefit sharing, communications, monitoring and reporting, and strengthening IPLC networks (see SAR).</p>
Output 1.3: Develop culturally appropriate knowledge resources for use by IPLCs globally, in the form of, among others, case studies, examples of promising or “state-of-the-art” practices, focal points for sharing ideas around particular themes or challenges, and web-based knowledge networking tools		
Activity 1.3.1: Develop and maintain knowledge resource database, housed in the web learning portal on the DGM website providing access to existing resources on IPLCs, climate change, forests and REDD+, training materials and training design targeted to IPLC audiences.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Updating and maintenance of the DGM Global Project database of knowledge products, events, and results.	<p>Q1: Documents and reports, in all available languages, have been added to the DGM Global website.</p> <p>Q2: DGM documents and reports, in all available languages, have been added to the DGM Global website; Development of the full knowledge platform put on hold by the GSC in Brasilia in April 2017.</p>	<p>Q3: Documents and reports, in all available languages, have been added to the DGM Global website.</p> <p>Q4: Documents and reports, in all available languages, have been added to the DGM Global website. DGM GEA redesigned the DGM Global website making pages available in all four of the DGM languages</p>
Activity 1.3.2: Based on priorities of IPLC policy teams and input of NSCs and GSC, develop learning videos/digital learning products on 3-4 key topics related to climate change, forests and REDD+ to provide broader outreach to IPLC organizations and communities. Possibly linked to grantee work in FIP countries. Videos would also be available in the web learning portal of the DGM website.		
Coordinating, developing and disseminating a DGM storytelling video and short videos for social media outreach .	<p>Q1: Procurement, contracting, and initial work on an animated DGM overview video anticipated to launch in the next quarter. Shared digital library piloted during the Americas/Asia NEA meeting in Lima.</p> <p>Q2: Progress in the script, voice over and story board of animated DGM overview video. Completion anticipated to launch in the next quarter. Interviews and coverage of COP24 shared in DGM Global Social media.</p>	<p>Q3: Animated DGM overview video finalized. Interviews and coverage of DGM event during CIF 10 Anniversary shared in DGM Global social media.</p> <p>Interviews and coverage of DGM Africa Learning Exchange shared in DGM Global social media.</p> <p>Q4: DGM GEA provided live video coverage of side event in Brussels, Belgium on Lessons Learned and Experiences of IPLCs. Animated DGM overview video shared on DGM website, social media, and newsletter. Interviews and coverage of SB50 and LCIP Platform FWG.</p>
Output 1.4: Strengthen IPLC Global and Regional Alliances and Networks to foster dialogue and learning within and among alliances and networks and to foster dialogue learning and interaction with key institutions and entities such as the World Bank and other MDGs, UN-REDD, UNFCCC, UNPFII, bi-lateral donor governments, NGOs and training institutions focusing on IPLCs, social and environmental safeguards, forests and REDD+.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Activity 1.4.1: Through a consultative process with IPLC global and regional networks and NSCs to develop and implement an assessment methodology to determine priority needs and gaps among and within existing IPLC networks to a.) strengthen policy, implementation, research, capacity and communication needs of IPLCs related to forests and REDD+; and b.) identify challenges and opportunities related to expanding regional network participation in global alliances; c.) identify challenges and opportunities to expanding membership of local IPLC organizations in regional networks; d.) supporting the formation/official registration of new IPLC organizations; and e.) creating horizontal and vertical information flows within regional networks and alliances and between regional and global networks.		
<p>Develop a report on</p> <p>Addressing language barriers to strengthen DGM IPLC networks in Africa.</p> <p>The proposed report builds on the findings from the social network analyses conducted during the first year of the regional exchanges.</p> <p>Costs include international travel for approximately 3 additional participants to stay after Africa Exchange. Interviews with representatives of all DGM African countries will be conducted during the Africa Exchange in Mozambique.</p> <p>Costs include technical services, and associated costs for development of assessment report.</p>	<p>Q1: No activities in this quarter</p> <p>Q2: No activities this quarter</p>	<p>Q3: No activities this quarter</p> <p>Q4: No activities this quarter</p>
Activity 1.4.2: Provide sub-contracts to IPLC Organizations to carry out assessments on IPLC network strengthening needs and gaps.		
<p>Graphic design and dissemination of reports on participatory network analysis exercises conducted during DGM regional exchanges.</p>	<p>Q1: No activities in this quarter</p> <p>Q2: No activities in this quarter</p>	<p>Q3: No activities this quarter</p> <p>Q4: No activities this quarter</p>
Activity 1.4.3: Concurrently with the regional trainings described in 1.1.1, conduct a working session with IPLC technical and negotiating teams to strengthen communications and feedback processes within the regional networks/alliances and address the challenges identified under the assessment in 1.4.1 to expanding the outreach and effectiveness of IPLC networks.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Coordination between DGM Global and Country executing agencies related to communications during learning exchanges.	Q1: Updates and coordination with DGM Mozambique related to new dates of Africa Regional Exchange. Q2: Feedback surveys conducted during DGM Global Exchange.	Q3: Feedback surveys conducted during DGM Africa Regional Exchange, including information on engagement with regional IPLC networks. Q4: No activities in this quarter
Activity 1.4.4: Propose to NSC to commission 1 case study per country on IPLC participation in REDD+ mechanisms topics could include: stakeholder engagement and participation in National REDD+ Committees; participation in implementation of Safeguard Information Systems, to participation in the UN Climate Policy Negotiations. Collaboration and feedback would be sought with NSCs to support additional national level studies by IP organizations.		
Development and dissemination of the following case study: - Status and progress of the UNFCCC LCIP Platform. During the preparation of the DGM Global Project mid-term review, the GSC co-chairs identified the LCIP Platform as a strategic priority.	Q1: GEA and GSC members drafted technical inputs in preparation of Informal Dialogue on LCIP Platform held in Cochabamba, Bolivia. Q2: GEA participation in Informal Dialogue on LCIP Platform held in Cochabamba, Bolivia. Technical support to the IIPFCC and follow up in preparation of UNFCCC COP24 negotiations.	Q3: No activities this quarter Q4: DGM GEA Director attended SB50 and LCIP platform first meeting of the Facilitative Working Group.
Activity 1.4.5: Work with the Global Steering Committee and National Steering Committees to propose the development of best practice guidelines for working with IPLCs on REDD+ based on work with regional and global IPLC organizations/alliances, case studies, and on the experiences of the County Component of the FIP-DGM and National case studies proposed under 1.4.4.		
Technical services and associated costs for the development and dissemination of the following guidelines: - Governance design of the DGM steering committees - Streamlining Gender in the DGM The proposed guidelines will be useful resources for DGM country projects, especially during the initial process of establishing National Steering Committees.	Q1: Gender knowledge products updated based on information received for January - June 2018 reporting cycle. Coordination with WB team on Gender Case Study from Peru. Q2: Technical support to WB consultants conducting a gender case study of the DGM in Peru. Analysis of sex disaggregated data from annual feedback surveys of DGM Global Exchanges.	Q3: Preparing activities with CI Gender Advisor to address gender with DGM Global Additional Finance. This was in response to WB request for inputs of the Project Idea Note of DGM Global Additional Finance in March. Q4: No activities this quarter

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Output 1.5: A Communications and Outreach Strategy is defined and implemented to ensure coordinated and consistent communication and information sharing across FIP pilot countries, as well as to non-FIP countries, partners and other global audiences		
Activity 1.5.1: Establish a global communications team (GCT) for the DGM, composed of the communications focal point for each country and a communications focal point from the GSC, in coordination with GSC, NSCs and NEAs.		
<p>Coordination of DGM Global Communications Team (GCT), including integration of new members as new country projects begin and/or identify communications focal points (See also 2.6.2).</p> <p>GCT consists of GEA, NEAs and two representatives of the GSC designated last year in Brasilia.</p>	<p>Q1: Coordination with GCT and other NEA staff in preparation of January - June 2018 Semiannual Program Report and Annual Report.</p> <p>Q2: Coordination with GCT and other NEA staff in preparation of June - December 2018 Semiannual Program Report and Annual Report.</p>	<p>Q3: DGM Communications Sessions with GCT and other NEA staff during Africa NEA meeting.</p> <p>Q4: Coordination with GCT and NEAs, country input is being integrated into DGM Global's communications calendar, which is being used to plan all communications activities.</p>
Activity 1.5.2: Working with the GCT and with input from the NEAs/NSCs and global partners, develop and submit a comprehensive Communications and Outreach Strategy for the DGM, including global and country specific communications protocols and including a Website and web-based information and knowledge sharing system, a system for sharing learning, experiences and DGM reporting throughout the DGM term. The Communications and Outreach Strategy development will be coordinated by the Communications Focal point of the GEA.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
<p>Development and dissemination of DGM Year Five Communications Plan to be presented at the next GSC meeting in 2019.</p>	<p>Q1: Ongoing implementation of Year Four communications plan, including increased social media engagement and preparation and publication of blog series around indigenous forest management in Peru. DGM Social media engagement and tracking of main highlights from the Global Climate Action Summit.</p> <p>DGM Blog series: Land Titling, Food Sovereignty and Climate Change in DGM Projects Beyond land titling: Supporting sustainable land management by indigenous peoples Recognizing Indigenous Peoples' Land Rights is Critical to Natural Climate Solutions</p> <p>Q2: DGM Global has continued to increase coordination with the country projects in line with the Year Four Communications Plan; country inputs are being integrated into DGM Global's communications calendar, which is being used to plan all communications activities.</p>	<p>Q3: Development of DGM Global Project Year Five Communications Plan, with emphasis on social media targets, social media channels, strategic partnerships, and the need for more video content.</p> <p>Q4: Year Five Communications plan approved during the GSC meeting in May in Brussels.</p>
Activity 1.5.3: Conduct Quarterly virtual meetings of the global communications team.		
<p>GEA communication at least on a biweekly basis with the NEAs through the Global Communications Team (GCT), via email, WhatsApp, and/or Skype calls as appropriate to the topic of discussion.</p>	<p>Q1: Ongoing coordination with DGM Country Projects as needed, particularly in preparation for the January - June 2018 Semiannual Program Report.</p> <p>Q2: GEA bi-weekly communications meetings and regular coordination with NEAs and GSC for development of reports and communications materials, including video interviews, activity posts, and social media campaigns.</p>	<p>Q3: GEA regular coordination with NEAs and GSC for development and dissemination of communications materials, including video interviews, activity posts, and social media campaigns.</p> <p>Q4: Continued coordination with country projects for development of communications materials, including newsletter, activity posts and social media dissemination.</p> <p>DGM GEA provided summary updates on progress related to social media and digital engagement efforts to GCT and NEA staff.</p>

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Activity 1.5.4: Working with NSC communications focal points, conduct in-country communications needs assessments to determine web-based needs, technical capabilities of each country and to establish a terms of reference for web-site development. GEA communications focal point will develop survey method with consultant in 2.2.7.		
<p>Development and dissemination of communications materials including newsletters, activity posts, and social media campaigns.</p> <p>Management of DGM Global social media platforms.</p>	<p>Q1: Coordination with country projects in Brazil, Peru, Cote d'Ivoire, Mozambique, Burkina Faso, and Ghana to share updates on DGM website and social media.</p> <p>Developing WB concepts for DGM event at CIF 10 anniversary.</p> <p>Q2: Coordination with country projects in Brazil, Peru, Mexico, Mozambique, Burkina Faso, and Ghana to share updates on the DGM website and social media.</p> <p>Preparation of DGM event at CIF 10 anniversary.</p>	<p>Q3: Coordination with country projects to update the DGM Global website.</p> <p>Participation of GSC co-chair at the CIF 10 Anniversary in Morocco.</p> <p>Shared content produced by country projects in Brazil, Ghana, and Mozambique with a larger audience through DGM Global communication channels (website, Facebook, Twitter, newsletters).</p> <p>Q4: Continued coordination with GCT members, particularly those from Brazil, Ghana, Mozambique, and Indonesia.</p> <p>DGM GEA conducted interviews and coverage of SB50 and LCIP Platform first FWG meeting.</p> <p>DGM GEA coordinated with GCT to collect videos, stories, and updates from each country for biannual newsletter.</p>
Activity 1.5.5: Coordinate a common approach and provide guidance on the development of country-specific communications and outreach strategies (including establishing protocol for collecting content for DGM website).		
<p>Continued coordination with DGM country projects to demonstrate increased cohesion of key messages and communications materials.</p>	<p>Q1: Increased exchange of information and engagement on social media now that more country projects have Facebook and Twitter accounts.</p> <p>Q2: Continued coordination with DGM country projects to demonstrate increased cohesion of key messages and communications materials. GEA developed COP24 messaging strategy and document for DGM delegation.</p>	<p>Q3: DGM Blog Series organized in coordination with WB and DGM Mozambique team.</p> <p>Q4: Tracking progress towards Year Five communications targets based on GSC meeting input and coordinated messaging with GSC members.</p>

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Activity 1.5.6: Contract a consulting firm to design and develop DGM website based on Communications and Outreach Strategy (including developing country portals).		
DGM website was developed in project year 2.	<p>Q1: Redesign and update of website content in progress, including enhanced accessibility in other project languages - changes anticipated to go live in next quarter.</p> <p>Q2: Redesign and update of website content in progress, including enhanced accessibility in other project languages - changes anticipated to go live in next quarter.</p>	<p>Q3: Redesign of DGM Global Website completed and launched in February 2019.</p> <p>Q4: Translation of DGM Global Website into Spanish, French and Portuguese goes live.</p>
Activity 1.5.7: Annual Website Maintenance		
Streamlining, and ongoing management of the DGM Global website's design and structure.	<p>Q1: DGM GEA maintains website and keeps content updated.</p> <p>Q2: DGM GEA maintains website and keeps content updated.</p>	<p>Q3: DGM Global website content updated (see activity 1.5.6).</p> <p>Q4: DGM GEA maintains website and keeps content updated.</p>
Activity 1.5.8: Provide ongoing advice on web-based tools, techniques and approaches, and to the GCT and FIP country communications teams/contractors.		
Provision of DGM communications advice to NEAs as requested.	<p>Q1: Continued collaboration with country projects, including greater integration of country project progress on DGM website and cross-promotion with World Bank and Climate Investment Funds communications personnel.</p> <p>Q2: Continued collaboration with country projects, including greater integration of country project progress on DGM website and cross-promotion with World Bank and Climate Investment Funds communications personnel.</p>	<p>Q3: Continued support for DGM social media coverage, collaboration on social media with DGM Mozambique, Brazil, Ghana, and DRC.</p> <p>Q4: Continued support for DGM social media coverage, collaboration on social media with DGM Mozambique, Indonesia, Peru, Brazil, Ghana, and DRC.</p>
Activity 1.5.9: Oversee the ongoing maintenance and content updates to the DGM website [Updating of website content, including development and dissemination of blog posts and periodic validation and updating of data on other pages.]		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
DGM Global regular website content updates . Cost estimate includes technical services and translation of content.	<p>Q1: Information on past and upcoming DGM activities, increasingly including DGM country project activities, available on DGM Global website and upon request.</p> <p>Q2: DGM GEA maintains website and keeps content updated.</p>	<p>Q3: Information on past and upcoming DGM activities, increasingly including DGM country project activities, available on DGM Global website, in semiannual reports, and upon request</p> <p>Q4: Information on past and upcoming DGM activities, including DGM country newsletter, blog posts, animated explainer video, DGM newsletter and other project updates.</p>
Output 1.6: Provide guidance, DGM policy advice, and shared experience and knowledge management to ensure that the FIP pilot countries for the DGM are benefiting from the experiences and lessons of all countries under the DGM.		
Activity 1.6.1: Working with a member of each NSC as the communications focal point, develop and manage a comprehensive database of DGM activities, knowledge products, events, and results. Site will also support knowledge/training products from the capacity building and institutional strengthening events. Oversee the ongoing maintenance and content updates to the DGM website.		
See activities: 1.3.1, 1.4.1, 1.4.2, 1.4.4, 1.4.5 and Output 1.5	<p>Q1: Continued maintenance of document and report library on DGM Global website.</p> <p>Q2: Continued maintenance of document and report library on DGM Global website.</p>	<p>Q3: Continued maintenance of document and report library on DGM Global website.</p> <p>Q4: Continued maintenance of document and report library on DGM Global website.</p>

Sub-component 2: Technical and Secretariat Services to the Global Steering Committee

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Output 2.1 <i>Global Steering Committee established and functioning</i>		
Activity 2.1.1: Establish the Global Steering Committee working in collaboration with the World Bank and the DGM Transitional Committee.		
Completed prior to this fiscal year	Q1: Completed prior to this quarter Q2: Completed prior to this quarter	Q3: Completed prior to this quarter Q4: Completed prior to this quarter
Activity 2.1.2: Prepare and submit Rules of Procedure for the GSC (due 3 mo. after start date).		
Technical services and associated costs for updates to GSC Rules of Procedure after each GSC meeting.	Q1: Completed prior to this quarter Q2: Completed prior to this quarter	Q3: Completed prior to this quarter Q4: Completed prior to this quarter
Activity 2.1.3: Facilitate establishment of the National Steering Committees (NSC) as required in collaboration with DGM Transitional Committee and the National Executing Agencies (NEA).		
Travel of GSC members to DGM countries for coordination with NSCs and NEAs as needed. Costs included support for one regional trip for GSC members to DGM countries.	Q1: Continued support to WB TTLs and Interim NSCs. Following up on progress of DGM in Cote d'Ivoire, Guatemala, Ecuador, and Nepal. Q2: Support with information to Interim Steering Committee processes in Nepal and Guatemala.	Q3: Support with information to Interim Steering Committee processes in Nepal, Cote d'Ivoire, Mozambique and Guatemala by sharing examples and lessons learned regarding coordination between executing agencies and steering committees. Q4: See activity 2.6.1
Activity 2.1.4: Prepare and submit report on the establishment of the GSC.		
Preparation of update reports for GSC . Cost estimate includes technical services and translation.	Q1: Completed prior to this quarter Q2: Completed prior to this quarter	Q3: Completed prior to this quarter Q4: Completed prior to this quarter
Activity 2.1.5: Organize and service the annual meetings of the GSC, including translation services, materials preparation and logistics for approx. 20 participants in a central location.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
<p>Coordination, development, and facilitation of DGM GSC Meeting (TBC-Bonn, Germany). Support for a total of 12 GSC and 3 GEA participants. Costs include technical and logistical services, all associated costs for outreach, development, coordination and facilitation of the event.</p>	<p>Q1: Preparations for GSC co-chairs meeting in Katowice in November/December. Briefing to GSC co-chairs at least on a monthly basis.</p> <p>Q2: GSC co-chairs meeting in Washington, DC and Katowice in December to track progress and status of GSC 2018 decisions. DGM midterm review follow up meeting with GSC members. Preparatory meetings for Year Five workplan preparation and coordination for upcoming annual GSC meeting in May 2019.</p>	<p>Q3: Preparation for Annual GSC Meeting to be held in Brussels, Belgium in May 2019, including preparation and translation of all materials for GSC review, coordination with GSC for Year Five Budget and Workplan, and travel and logistical arrangements.</p> <p>Q4: Fifth Annual GSC meeting held in Brussels, Belgium May 17-20, 2019. DGM GEA secretariat support in logistics organization, materials and content discussed during the meeting.</p>
Activity 2.1.6: Submit report on proceedings of each annual meeting of the GSC.		
<p>Development and dissemination of DGM GSC Meeting Report.</p>	<p>Q1: No activities in this quarter</p> <p>Q2: Updates on decisions made at previous annual GSC meeting provided to GSC members present at Global Exchange in Katowice.</p>	<p>Q3: Preparation of presentation on progress made against decisions taken by the GSC in Arlington at their IV annual meeting in preparation for upcoming V annual meeting.</p> <p>Q4: Report of the 5th DGM GSC meeting sent to GSC members.</p>
Activity 2.1.7: Facilitate working groups established to carry out the work of the GSC.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
<p>Coordination, outreach, and operationalization of the following GSC subcommittees and working groups:</p> <ul style="list-style-type: none"> - GSC co-chairs - GSC Budget Subcommittee - GSC Communications Subcommittee - GSC Grievance Redress Subcommittee - DGM Sustainability <p>Support a total of 2 trips for GSC co-chairs to Washington, DC for DGM Global Project coordination in July for project year four kickoff.</p> <p>Support a total of 3 trips for operationalization of GSC subcommittees.</p>	<p>Q1: Drafted Terms of Reference for GSC Travel: Participation of GSC co-chair in panel at IUCN 70th Anniversary event in Fontainebleau, France.</p> <p>Title of event: "Indigenous peoples and local communities: culture and nature as One"</p> <p>Engaging IPLC networks and CI Europe offices with GSC co-chair in preparation of DGM Sustainability discussions for next GSC meeting.</p> <p>FY19 kickoff briefing with GSC co-chair while in Lima.</p> <p>Coordination with GSC co-chairs and budget subcommittee on year four workplan adjustments.</p> <p>Q2: GSC Sustainability Working Group members engaged negotiators during COP24; GSC Co-chairs provided feedback to progress and adjustments of year four workplan and budget.</p> <p>GEA gathering feedback from GSC on priorities for additional finance of the global project.</p>	<p>Q3: - Coordination with GSC Communications Subcommittee around preparation of Year Five Communications Plan.</p> <ul style="list-style-type: none"> - Continued coordination with GSC Budget Subcommittee and Co-chairs in relation to the project's Year Five Budget and Workplan. - Preparation of updates on subcommittee activities for upcoming GSC Meeting in May 2019. - Coordination with GSC co-chairs in preparation of Project Additional Finance. - Coordination with GSC in preparation of DGM Semiannual Report submitted in March 2019. - Coordination of GSC feedback to DGM Global GRM update. <p>Q4: GSC Subcommittee meetings held in Brussels, Belgium from May 17-20, 2019. Coordination with GSC co-chairs to identify opportunities for the participation of the sustainability working group in upcoming DGM activities.</p>
Activity 2.1.8: Carry out secretarial tasks, information gathering, studies or other tasks requested by the GSC.		
<p>Technical services and associated costs for DGM GSC Secretariat.</p> <p>Cost estimate includes technical services, translation and associated costs for follow-up to findings of CIF Learning Evaluation and DGM Global Project mid-year review.</p>	<p>Q1: GEA provides ongoing secretariat support for the GSC.</p> <p>Q2: GEA wrapped up actions from project mid-term review. Technical support and feedback facilitated to the DGM Learning Partnership being implemented by ITAD.</p>	<p>Q3: GEA provides ongoing secretariat support to GSC and DGM country projects, as well as support to the CIF and WB.</p> <p>Q4: GEA provides ongoing secretariat support to GSC and DGM country projects, as well as support to the CIF and WB.</p>

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
Activity 2.1.9: Equipment, licenses		
GEA equipment and licenses required for project implementation and compliance.	Q1: Provided as needed Q2: Provided as needed	Q3: Provided as needed Q4: Relevant DGM Global licenses and fees renewed for effective project implementation.
Output 2.2 Outreach conducted and partnerships/collaborations established with global partners working on similar issues/mechanisms to support IPLC capacities and initiatives to strengthen participation in REDD+ processes		
Activity 2.2.1: In conjunction with the annual GSC meeting, conduct annual information sharing meetings with global partners (FCPF, UN-REDD, GEF Small Grants Programme, UNPFII, etc.) to share objectives/results of the DGM and define synergies and opportunities to collaborate, leverage joint funding opportunities, and coordinate common areas of support to IPLCs on REDD+, climate negotiations and related initiatives.		
DGM side event and meetings with donors for information sharing at UNPFII . Cost estimate includes technical services and support of local expenses to 2 participants to participate at the UNPFII.	Q1: No activities in this quarter Q2: No activities in this quarter	Q3: No activities in this quarter Q4: Panel Event at Fifth GSC Meeting with participation of World Bank and CIF representatives.
Activity 2.2.2: Working with global partners defined and participating in 1.3.1, develop annual joint reporting mechanism on impacts of initiatives to support IPLC organizations and networks.		
DGM participation at WB relevant events: - CIF Trust Fund Committee and Sub Committee meetings - FCPF PC meetings - Land and Poverty Conference - FIP Pilot Countries Meeting - WB Annual Meeting International travel to be funded by WB and coordinated with WB TTL.	Q1: Developing with WB concepts for DGM event at CIF 10 anniversary. Q2: Briefings to GSC cochair on GEA preparation of WB Mission meetings. Coordination with WB on the content and scope of DGM panel for CI 10 anniversary meeting. Technical support to GSC members participating in panels and events during COP24 in Katowice, Poland.	Q3: DGM Global support to CIF 10 Anniversary events in Morocco. Q4: DGM update as part of agenda item 4 at FIP SC meeting (FIP/SC.22/1).
Activity 2.2.3: GEA and/or GSC members attend key global and regional events related to the Goals and Objectives of the DGM to increase awareness of the DGM, share information on the DGM and IPLC priorities, expand learning, and improve access to decision-making on climate and REDD+ policy and related IPLC issues.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
See activities 1.2.4, 2.2.1, 2.1.3, 2.1.7	Q1: See activities 1.2.4, 2.2.1, 2.1.3, 2.1.7 Q2: See activities 1.2.4, 2.2.1, 2.1.3, 2.1.7	Q3: See activities 1.2.4, 2.2.1, 2.1.3, 2.1.8 Q4: See activities 1.2.4, 2.2.1, 2.2.2
Output 2.3: Develop and facilitate procedures for a complaints and grievance mechanism at the global level		
Activity 2.3.1: Facilitate the Grievance Redress Mechanism and Complaints procedure as defined in Item IV. of the Framework Operational Guidelines of the DGM		
Technical services and associated costs to facilitate Grievance Redress Mechanism and Complaints procedures.	Q1: Continued oversight of DGM Global grievance mechanism; no grievances in this quarter. Preparation for updates to grievance mechanism, utilizing third party platform to determine appropriate point of contact for any grievances, rather than all grievances going through the GEA. Q2: Finalization and disclosure of approved adjustments of the DGM Global grievance mechanism, utilizing third party platform to determine appropriate point of contact for any grievances, rather than all grievances going through the GEA. DGM Global continues to monitor program-wide grievances, most of which have been resolved efficiently at the national level.	Q3: Preparation of DGM Global GRM report for GSC Meeting. Q4: Continued oversight of DGM Global grievance mechanism; no grievances in this quarter.
Activity 2.3.2: Establish and manage the GSC Grievance Sub-committee; establish feedback and complaints input and tracking within the DGM website.		
Coordination and operationalization of the GSC Grievance Subcommittee (See activities 2.1.3 and 2.6.1 for any travel costs needed to address grievances).	Q1: No activities in this quarter Q2: Validation with GSC subcommittee of DGM Global GRM adjustments.	Q3: No activities in this quarter Q4: No activities in this quarter
Output 2.4: Provide guidance, DGM policy advice, and shared experienced and knowledge management to ensure that the FIP pilot countries for the DGM are consistently following coherent operational guidelines.		
Activity 2.4.1: Facilitate and implement a process to review the DGM Operational Guidelines under the direction of the World Bank and GSC to and adapt/revise as required for the effective flow of tasks and deliverables.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
No activities planned in this fiscal year	Q1: No activities in this quarter Q2: No activities in this quarter	Q3: No activities in this quarter Q4: No activities in this quarter
Activity 2.4.2: Conduct outreach to GSC, NEAs, NSCs and the World Bank prior to the first annual meeting of the GSC to obtain feedback and concerns regarding the revision of the DGM Operating Guidelines.		
Coordination with GSC, NEAs, NSCs, and WB to revise DGM Operational Guidelines with special focus on the process of establishing the NSC in countries. <i>Note: This activity will require further clarification and/or adjustments with the World Bank.</i>	Q1: No activities in this quarter Q2: No activities in this quarter	Q3: Consultations with GSC co-chairs and members of Budget and Sustainability subcommittees about DGM Global additional finance and Year Five workplan and budget. Q4: No activities in this quarter
Activity 2.4.3: Submit Revised DGM Operational Guidelines to the World Bank and to the GSC.		
Submit to WB recommendations from GEA and GSC on areas to revise and update DGM Operational Guidelines. <i>Note: This activity will require further clarification and/or adjustments with the World Bank.</i>	Q1: No activities in this quarter Q2: No activities in this quarter	Q3: No activities in this quarter Q4: No activities in this quarter
Activity 2.4.4: Provide guidance to NEAs and NSCs on adapting DGM Operating Guidelines to country contexts. Web site will include options for sharing approaches/opportunities/challenges on the FIP DGM Member section of the DGM website.		
Technical support to NEAs on adapting DGM Operational Guidelines. <i>Note: This activity will require further clarification and/or adjustments with the World Bank.</i>	Q1: No activities in this quarter Q2: No activities in this quarter	Q3: No activities in this quarter Q4: Provided translation support to DGM Rules of Procedures for Nepal Interim NSC.
Output 2.5 Long-term strengthening of IPLC leadership: the GEA will work with the GSC to establish an IPLC DGM Fellowship in years two and three of the DGM to create an in-depth leadership training experience for a young IPLC leader as part of the Global Component.		
Activity 2.5.1: Establish and manage leadership training fellowship.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July - December 2018	Progress: January – June 2019
DGM- fellow-exchanges: South-south DGM country programmatic knowledge exchanges between DGM countries. Cost estimate includes coordination of support and travel for a total of three participants to further knowledge on the following issues. - Land Titling - LCIP Platform - PES fellow	Q1: In progress: GEA drafted Terms of Reference of DGM fellow exchanges for GSC review. Q2: In progress: GEA consulting with GSC co-chairs the Terms of Reference and criteria of DGM fellow exchanges.	Q3: On hold: GEA awaiting clarity on additional finance. Q4: On hold: GEA awaiting clarity on additional finance.
Output 2.6: Provide guidance and support to NSCs and NEAs		
Activity 2.6.1: Support the DGM country processes to establish NSCs and select NEAs, including site visits as needed, in collaboration with WB DGM global and country focal points.		
GEA technical support to DGM NEA and NSC processes as needed. Cost estimate includes GEA travel for a total of 3 trips to DGM countries.	Q1: Support for NSC formation processes in Cote d'Ivoire, Republic of Congo, and Nepal. Q2: Sharing experience on NSC process in Climate Finance workshop organized by FILAC; Technical support to IIPFCC at informal dialogue on LCIP Platform in Cochabamba, Bolivia.	Q3: No activities in this quarter Q4: Translated and shared NSC and NEA rules of procedure and other relevant documents from Portuguese to English and shared with Nepal Interim NSC
Activity 2.6.2: Conduct planning and coordination meeting of the NEAs to define monitoring, reporting, communications & grievance frameworks and processes.		
Coordination of DGM GCT-NEA Exchange (Mexico) to be implemented in Project Year Five.	Q1: No activities in this quarter Q2: Preparation of content for Africa NEA Exchange in Mozambique. Coordination with GCT and NEAs on the launch of the 2018 Annual Report.	Q3: Preparation and facilitation of Africa NEA Meeting held in Mozambique in conjunction with the Africa Regional Exchange. Participation of NEAs from DRC, Cote d'Ivoire, Ghana, Burkina Faso, Mozambique; WB; and GCT. Q4: No activities in this quarter

Sub-component 3: Planning, Monitoring, and Reporting

Year 4 (2018-2019) Workplan	Progress: July-December 2018	Progress: January – June 2019
Output 3.1 A three-year strategy for the implementation of the Global Component of the DGM developed with inputs and feedback from the NSCs and relevant partners is approved and implemented		
Activity 3.1.1: Develop a 5-year Strategic Plan for the implementation of the global component of the DGM, with input from the NEAs and NSCs of the eight FIP pilot countries participating in the DGM and the inputs of the UNPFII and global partners/networks with related initiatives and interests. Reviewed and revised in conjunction with the annual work plan and budgeting process.		
Adjustment of DGM global project workplan priorities and projections according to additional finance. Also see activity 3.1.2	<p>Q1: Revised FY19 calendar of activities for the DGM Global project. WB TTL has recommended that DGM Global project needs to slow down the current implementation and review the budget, which means not canceling any activities but accommodating some of the workplan activities for the remaining lifetime of the project. The change allows the global project to align with the pace of other DGM country projects. As a result, the DGM GEA is working on the necessary adjustments to avoid any gaps between the current and possible second phase of the global project.</p> <p>Q2: Communicated and coordinated with GSC the adjustment of Year Four workplan (postponing Asia Regional Exchange and rescheduling regional learning events). Adjustment of workplan priorities and projections for Year Four Q2 & Q3.</p>	<p>Q3: Projection of year five of the DGM Global Project, in coordination with the GSC Budget subcommittee and co-chairs. Recommendations are included in the additional finance concept as well as the Year Five Workplan and Budget.</p> <p>Q4: The GEA prepared and presented Year Five workplan and budget to GSC and WB. The GSC approved the workplan and budget during the May 2019 GSC Meeting. The WB provided no objection regarding the workplan and budget of Year Five activities funded by current grant.</p>
Activity 3.1.2: Develop and facilitate an outreach and feedback process on the completed, 5-year draft strategy with NSCs prior to submission to WB and GSC.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July-December 2018	Progress: January – June 2019
Follow-up to address the findings from DGM Mid-Term Review and Learning Partnership Report .	<p>Q1: Mid-term review wrap up meeting with WB to discuss the Management Letter and Aide Memoire for DGM Program and Global Learning and Knowledge Exchange project. Coordinated with ITAD around finalization of Learning Partnership Report, including the addition of substantially more information on the DGM Global project.</p> <p>Q2: After the Mid-term review DGM developed a proposal of targets for global project indicators, additional quality indicators and a survey of exchange participants. The survey was conducted and presented to WB during annual mission.</p>	<p>Q3: Continued support to the CIF and WB, particularly through their participation in the February Africa Regional Exchange in Mozambique.</p> <p>Q4: No Activities in this quarter</p>
Activity 3.1.3: Prepare and submit annual work plan and budget for the Global Component of the DGM for 'no objection' from the World bank and approval by the GSC. (Costs included in 3.1.1)		
Under the terms of the grant commitments, coordination, development, review, and submission of DGM Global Project Year Five workplan and budget for 'no objection' from the World Bank and adoption by the GSC.	<p>Q1: CI Management Letter Response to MTR Aide Memoire-TF 18707.</p> <p>Q2: GEA presented a projection of budget balance for Year Five and subcomponent realignment.</p>	<p>Q3: Development of Year Five DGM Global Budget and Workplan, in coordination with the GSC Budget subcommittee and co-chairs. Process includes feedback and no objection from WB and presentation to the full GSC at upcoming GSC Meeting in May 2019.</p> <p>Preparation for budget presentation during upcoming GSC Meeting in May 2019.</p> <p>Q4: GSC Budget Subcommittee met prior to Annual GSC Meeting to review workplan/budget and prepare for discussion with full GSC; Year Five workplan/budget approved by GSC during 2019 annual meeting in Brussels, Belgium.</p>
Output 3.2: Permanent liaising process and common approach to a reporting and monitoring framework established with the NEAs and NSCs of the eight FIP pilot countries to comply with reporting requirements of the DGM		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July-December 2018	Progress: January – June 2019
Activity 3.2.1: Conduct and report on virtual quarterly update meetings with the NEAs of the eight FIP pilot countries to monitor progress, discuss issues and opportunities, share successes and challenges, and provide input to agenda for annual GSC meetings or working groups that may be established.		
<p>Technical services and associated costs to coordinate input to agenda for GSC meeting. See activities: 2.6.2, 1.5.1, 1.5.2</p>	<p>Q1: Continued coordination with NEAs, particularly in relation to communications. Outreach to country projects for report input for: -Semiannual Program Report -Annual Report</p> <p>Q2: Ongoing coordination with NEAs, including initial preparations for February 2019 Executing Agency Meeting in Mozambique.</p>	<p>Q3: Coordination with NEAs for country project inputs to the July-December 2018 Semiannual Program Report, including an increased emphasis on DGM Subproject results.</p> <p>Q4: Coordination with NEAs, for country project input to the January-June 2019 Semiannual Program Report, including an increased emphasis on DGM Subproject results.</p>
Activity 3.2.2: Working with GSC and NSCs/NEAs, develop a common monitoring framework with common indicators for measuring success of global objectives of the DGM.		
<p>GEA technical support to DGM countries for implementation of M&R Toolkit. Support includes GEA travel for a total of 2 trips to DGM countries.</p>	<p>Q1: Gathered indicator data from DGM Country Projects for DGM Semiannual Program Report; Coordinated with country projects to answer questions around revised results framework.</p> <p>Q2: DGM Global increased coordination with NEAs and GSC in preparation of COP24 and launch of the 2018 Annual Report.</p>	<p>Q3: Preparation of revised targets of DGM Global project, as well as the revisions of the DGM Results Framework, designed to incorporate data from DGM country projects more effectively and better showcase programmatic successes.</p> <p>Q4: Updating indicator data from DGM Country Project ISRs for DGM Semiannual Program Report.</p>
Activity 3.2.3: Establish a common reporting framework to track progress, ensure information flow, learning exchange.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July-December 2018	Progress: January – June 2019
Revision of DGM Results Framework in coordination with WB.	<p>Q1: Used newly revised results framework to collect and report data on DGM progress from all projects. Conducted a new survey with participants of DGM exchanges funded by DGM Global Project.</p> <p>Q2: Presented results from survey with participants of DGM exchanges funded by DGM Global Project in Semiannual Report submitted in September 2018.</p>	<p>Q3: Continued coordination with DGM country projects using the latest ISRs and DGM reporting framework to ensure updated information on all country projects is included in Semiannual Program Report.</p> <p>Q4: Continued coordination with DGM country projects using the latest ISRs and DGM reporting framework to ensure updated information on all country projects is included in Semiannual Program Report. Designed a new survey with participants of DGM Global and Regional exchanges funded by DGM Global Project.</p>
Output 3.3 Compile and report the results of the DGM		
Activity 3.3.1: Submit semiannual progress reports on the activities of the DGM to the GSC, after receiving a 'no objection' from the World Bank, including GEA and NEA activities (due 75 days after the end of the reporting semester).		
<p>Under the terms of the grant commitments, compilation, development and dissemination of two DGM Semiannual Program Reports due March 15 and September 15.</p> <p>Cost estimate includes technical support and translation to three languages.</p>	<p>Q1: Preparation and timely submission of DGM Program Report in coordination with DGM Country Projects. Continued follow-up with DGM country projects after the deadline to include complete information in reports prior to publication.</p> <p>Q2: Planning for upcoming semiannual program report, including coordination with country projects (in progress).</p>	<p>Q3: Drafting, editing, coordination with country projects, and submission to the World Bank of the July-December 2018 DGM Semiannual Program Report.</p> <p>Q4: Planning for upcoming semiannual program report, including coordination with country projects (in progress).</p>
Activity 3.3.2: Compile and submit semiannual reports to the World Bank on fiduciary and technical aspects of the global component program.		

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July-December 2018	Progress: January – June 2019
<p>Coordination and support in meeting with WB on fiduciary and technical aspects of DGM Global Project.</p> <p>Under the terms of the grant commitments, coordination, development, and dissemination of two Semiannual DGM Global Project Reports due 60 days after the end of each semester.</p> <p>Cost estimate includes technical support and translation to three languages.</p>	<p>Q1: Preparation and timely submission of DGM Global Project Report, including translation and 'no objection' from GSC.</p> <p>Q2: Preparation for Semiannual Global Report, including revision of reporting timeline.</p>	<p>Q3: Drafting, editing, translation, validation with the Global Steering Committee, and submission to the World Bank of the July-December 2018 DGM Semiannual Global Project Report.</p> <p>Q4: Initial preparation for June 2019 Semiannual Global Project Report and preparation of the second annual survey of DGM exchange participants.</p>
Activity 3.3.3: Compile and submit the annual report on the DGM to the GSC after receiving a 'no objection' from the World Bank, in a format and timeframe to be established with the World Bank.		
<p>Under the terms of the grant commitments, coordination, development, and dissemination of DGM Annual Report due 90 days after the end of the fiscal year. Cost estimate includes technical support, translation to three languages, graphic design and printout of annual report. Costs also include support international travel for 2 GSC members to launch DGM Annual Report in Washington, DC during the FIP Sub-Committee meeting in December.</p> <p><i>Note: This activity will require further clarification and/or adjustments with the World Bank.</i></p>	<p>Q1: Preparation, graphic design, and timely submission of DGM Annual Report in coordination with GSC, DGM country projects and World Bank.</p> <p>Q2: Finalization, translation, publication, and launch of DGM Annual Report, which is available on the DGM Global website and launched during COP24 official side event.</p>	<p>Q3: Continued sharing of the DGM Annual Report with key stakeholders at strategic events, CIF@10 and Africa Regional Exchange.</p> <p>Q4: Continued sharing of the DGM Annual Report with key stakeholders during the May 2019 GSC Meeting.</p>
Activity 3.3.4: Submit final report on the activities of the Global Component to the GSC after receiving a 'no objection' from the World Bank. (Due 45 days after completion of activities).		
	<p>Q1: No activities in this quarter</p> <p>Q2: No activities in this quarter</p>	<p>Q3: Need of Project Completion Report (PCR) of current project to be confirmed by WB.</p> <p>Q4: No activities in this quarter</p>

Dedicated Grant Mechanism for Indigenous Peoples and Local Communities
8th Semiannual Global Project Progress Report: January 1 - June 30, 2019

Year 4 (2018-2019) Workplan	Progress: July-December 2018	Progress: January – June 2019
Activity 3.3.5: Translate all Reports into Project Languages and Print as required. Reports will be posted on the DGM members section of the DGM website.		
Technical services and associated costs for DGM Monitoring & Reporting.	<p>Q1: All DGM reports have been or are being translated into French, Spanish, and Portuguese, and are/will be available through the DGM Global website.</p> <p>Q2: All DGM reports have been translated into French, Spanish, and Portuguese, and are available through the DGM Global website.</p>	<p>Q3: All DGM reports have been or are being translated into French, Spanish, and Portuguese, and are/will be available through the DGM Global website.</p> <p>Q4: DGM Global Monitoring, Reporting, and Communications Manager joined DGM GEA team.</p>
<i>Output 3.4 Annual Global Project Financial Audit</i>		
Activity 3.4.1: Annual Audit of Global Project Financial Performance.		
Under the terms of the grant commitments, DGM Global Project Annual Audit.	<p>Q1: Coordination for project annual audit.</p> <p>Q2: DGM Annual Audit Report completed and presented to the World Bank.</p>	<p>Q3: No activities this quarter</p> <p>Q4: No activities this quarter</p>

6. Global Steering Committee Feedback

As of June 30, 2019, the DGM Global Steering Committee included the following members:

Brazil – Lucely Pio

Burkina Faso – Idrissa Zeba (co-chair)

Congo, Democratic Republic of the – Kapupu Diwa Mutimanwa

Congo, Republic of the – Guy Moussele-Diseke

Cote d'Ivoire – Delphine Ahoussi / Play Christophe Sare (alternating representation)

Ghana – Hayford Duodu

Indonesia – Mina Setra (co-chair)

Mexico – Manuel Aldrete

Mozambique – Daniel Maúla

Nepal – Bharati Pathak / Jagat Bahadur Baram

Peru – Ruth Buendia Mestoquiari / Marilen Puquio Arturo (alternating representation)

Non-FIP – Grace Balawag

The DGM GEA submitted this report to the GSC co-chairs in English on August 13, 2019 for their review and feedback.
